Frostbike Tom Babin,2014 The bicycle is fast becoming a ubiquitous form of transportation in cities all over the world, making our urban spaces more efficient, more livable and healthier. But many of those bicycles disappear into basements and garages when the warm months end, parked there by owners fearful of the cold, snow and ice that winter brings. But does it have to be that way? Canadian writer and journalist Tom Babin started questioning this dogma after being stuck in winter commuter traffic one dreary and cold December morning and dreaming about the happiness that bicycle commuting had brought him all summer long. So he did something about it. He pulled on some thermal underwear, dragged his bike down from the rafters of his garage and set out on a mission to answer a simple but beguiling question: is it possible to happily ride a bike in winter? That question took him places he never expected. Over years of trial and error, research and more than his share of snow and ice, he discovered an unknown history of biking for snow and ice, and a new generation designed to make riding in winter safe and fun. He unearthed the world's most bike-friendly winter city and some new approaches to winter cycling from places all over the world. He also looked inward, to discover how the modern world shapes our attitudes toward winter. And perhaps most importantly, he discovered the unique kind of bliss that can only come by pedalling through softly falling snow on a quiet winter night.

American Christmas Danelle Manthey,2020-08-15 American Christmas is a new book by photographer Danelle Manthey that examines Christmas displays, and the people behind them, through the lens of American folk art. Through portraits and interviews, the book features the stories of over 40 families and individuals across 12 states. It includes text by Marlene Friis, a foreword from Rebecca Alban Hoffberger, Founder and Director of the American Visionary Art Museum and an introduction by Mark Sloan, Curator and Chief Director of the Halsey Institute of Contemporary Art.Over the course of a decade, Manthey photographed, interviewed and spent time with the creators of these displays, quickly coming to recognize them as folk artists. Entirely self-taught, the creators often do not view themselves as artists, yet create visceral, site-specific installations that should be recognized for their transcendent, highly skilled craft. Many of the selected displays feature region-specific motifs as well as handmade decorations. This tendency, coupled with the traditional imagery and decorative nature of the displays, situates the work as a form of contemporary American folk art. Many of the featured individuals and families seem driven to create utopian spaces through their displays, which is a common

theme among folk artists. The truly amazing thing about these American grassroots artists, all of whom became bitten by the pine-scented Christmas bug, lies in the diversity of their motivations, explains Rebecca Alban Hoffberger, Founder and Director of the American Visionary Art Museum. Through the act of photographing the displays, Manthey enshrines them as a distinct art form. Where many would diminish the works as decorative cheer, Manthey looks beyond to reveal the innovation and commitment that grounds all great art. Along with making these themes accessible to a non-art audience, she succeeds in sharing the community and joy these works are founded on-something that is much needed in our current world.

100 Things to Do in Traverse City Before You Die Kim Schneider,2018-02-27 If one of life’s major quests is for balance, it’s no surprise that Traverse City keeps topping national “best” lists. Here, visitors and locals come for the life balance—the serenity offered by the lapping of waves along hundreds of miles of sandy beach, a dark sky just made for wishing upon stars, the simplicity of picking up dinner at a roadside farm stand or from a chef who got her start at one. There’s a balance, too, of the simple and the elevated, as local chefs get noticed on the national stage, wineries scoop up international competition awards, and galleries attract acclaimed artists. There’s an old legend claiming that a dip in the waters of the 45th parallel, which passes through the region, will cure all that ails you. Others think simply a visit with the right mindset and at least one beach bonfire before you go might do the same. Discover for yourself in 100 Things to Do in Traverse City Before You Die.
