Beds and Blessings in Italy Paulist Press,2010 Helps readers to reflect on the role of gratitude in their lives and to cultivate this virtue for their own benefit. The first author to offer a critique of gratitude through an explanation of various types of gratitude, Charles Shelton uses his skills as a clinical psychologist to present insights into the human experience of gratitude based on his own research. The exercises, strategies, and reflection questions threaded throughout the book give it a practical dimension that facilitates the reader's growth. Shelton's highly original reflection on Jesus as a grateful person lends a spiritual dimension to his work. This book will benefit individual readers as well as serve as a resource for spiritual direction workshops, spiritual formation courses, or ministry formation programs.--From publisher description.
