Writing and the Digital Generation Heather Urbanski, 2010-03-08 Is it true that, in this era of digitization and mass media, reading and writing are on the decline? In a thought-provoking collection of essays and profiles, 30 contributors explore what may instead be a rise in rhetorical activity, an upsurge due in part to the sudden blurring of the traditional roles of creator and audience in participatory media. This collection explores topics too often overlooked by traditional academic scholarship, though critical to an exploration of rhetoric and popular culture, including fan fiction, reality television, blogging, online role-playing games, and Fantasy

Football. Both scholarly and engaging, this text draws rhetorical studies into the digital age.

Gamification for Product Excellence Mike Hyzy, Bret Wardle, 2023-09-29 Streamline your product management process with gamification strategies, frameworks, and best practices from experts to create remarkable products Key Features Design gamification frameworks that captivate users and deliver a compelling experience Build a successful gamification strategy to go from concept to prototype to production with ease Gamify product management processes using game techniques to effectively lead teams and stakeholders Purchase of the print or Kindle book includes a free PDF eBook Book Description Are you trying to build a product that your audience loves to use? Game mechanics and psychology have been used for decades to increase engagement, convert users to buyers, and increase audience retention. Learning when and where to implement these tools can take your product from the middle of the pack to a must-have! This book begins by helping you get a clear understanding of gamification, its key concepts, and how product managers can leverage it to drive user engagement in non-game scenarios. As you progress through the chapters, you'll learn different gamification frameworks, mechanics, and elements with structured ways to implement them while designing a successful gamification strategy tailored to a business case. You'll get a chance to implement and test the designed strategy prototype with the users for feedback. You'll also discover how to sell your strategy to stakeholders to get full buy-in from the top down, along with how to gamify your product development process to drive innovation, engagement, and motivation. By the end of this book, you'll be primed to harness the power of gamification, and will have benefited from proven case studies, best practices, and tips, ensuring you are well-equipped to apply gamification principles to your work as a product development

professional. What you will learn Explore gamification and learn how to engage your user with it Gain insights into the functionality and implementation of different gamification frameworks Master specific game elements and mechanics that can be used to improve user experiences Design a successful gamification strategy to test your hypothesis and develop a business case Implement and test the prototype you've created with users for feedback Say the right words to sell your gamification strategy to stakeholders Use design thinking exercises and game elements to improve the product management process Who this book is for If you are a product manager, product leader, or product designer weaving gamified experiences and crafting exceptional digital products from conception to reality, then this book is the absolute right pick for you. The topics covered will enable you to level up your products and unleash their full potential through gamification. All the gamification strategies and frameworks discussed in this book can be practically applied across different domains with ease.

Word of Mouse John Riedl, Joseph Konstan, 2002-08-23 At the vanguard of the Internet revolution are two computer scientists from Minnesota who are pioneers of Collaborative Filtering (CF). CF is a technology that enables companies to understand their customers and in turn sell products, goods, and services with remarkable success. To test CF, John Riedl and Joseph Konstan built two Internet sites, MovieLens and GroupLens, that allowed users to customize their preferences for movies and news. The results were astounding -- MovieLens demonstrated amazing accuracy, almost ensuring that the recommendation would prove enjoyable. In Word of Mouse, the authors analyze dozens of companies from Best Buy to Amazon to TiVo -- and show what these companies are doing right -- and what they are doing wrong. Riedl and Konstan map out a broad range of strategies that companies can employ to raise revenue, customer loyalty, and satisfaction.

Fantasy Sports Prospects 2016-2017 Bill Stonehem, 2016-07-28 Fantasy sports can be traced back to many years ago when sporting enthusiasts created their own leagues that are governed by their rules. These leagues are virtual and are rated based on the actual performance of the players. The popularity of the sport has grown over the years as the game has become more professional with the development of many more leagues. The growth of the leagues has been propelled due to the World Wide Web and receiving excellent coverage on channels such as ESPN, CBS, NBA and Yahoo! Fantasy Sports.

Fantasy Sports, Real Money Bill Ordine,2015-12-22 Have you seen the ads? Who hasn't, right? How did it all happen? Is DFS gambling? Is it legal? And what's next for this industry under attack? These are just some of the questions answered by award-winning author Bill Ordine as he traces the background of the curious federal law that opened the door for the billion-dollar play-for-money sports-contest industry. Who was behind the pivotal carve-out? How did daily fantasy rise so quickly? And where is it likely to land now that the DFS genie is out of the bottle? More important, Fantasy Sports, Real Money shows you how to get into the game and compete, with strategies the pros use and case studies from players who've won millions. This is the first DFS book to cover football, baseball, basketball, hockey, and even golf, with game plans for setting lineups, maximizing value within the salary cap, finding pricing inefficiencies, playing against (or avoiding) experts, and identifying overlays, as well as many other angles being used right now to get the money in this provocative sports-betting offshoot.
