*Bias in the Booth* Dylan Gwinn, 2015-03-02 Most of us see sports as a welcome—even blessed—relief from the challenges and frustrations of everyday life. We want to sit back, open a beer, and enjoy the game. But many of those who bring us the game have a different agenda—they use their broadcasting platform to harangue us with their own politically correct preoccupations. If a seventh-round NFL draft pick who can't make the team or an over-the-hill basketball player declares that he's gay, he gets wall-to-wall media coverage and is hailed as a hero. If a stripper accuses college lacrosse players of rape, liberal sports reporters lead the lynch mob—with no apologies when the bearers of white privilege are proved innocent. In his blistering new book *Bias in the Booth*, sports reporter and commentator Dylan Gwinn takes you inside the sports media spin machine to reveal what they hope you won't notice: the sports media are no different from the news and entertainment media.

**Sports-talk Radio in America** John Mark Dempsey, 2006 Sports-Talk Radio in America looks at major-, medium-, and small-market stations across the United States that feature an all-sports format, with a focus on the unique personalities and programming strategies that make each station successful. Broadcasters, journalists, and academics provide insight on how and why this media phenomenon has become an important influence of American culture, examining the guy talk broadcasting approach, the traditional sports-emphasis approach, HSOs (hot sports opinions), localism in broadcasting, how sports talk radio builds communities of listeners, and how reckless, on-air comments can actually build ratings.

**Radio After the Golden Age** Jim Cox,2013-09-16 What became of radio after its Golden Age ended about 1960? Not long ago Arbitron found that almost 93 percent of Americans age 12 and older are regular radio listeners, a higher percentage than those turning to television, magazines, newspapers, or the Internet. But the sounds they hear now barely resemble those of radio's heyday when it had little competition as a mass entertainment and information source. Much has transpired in the past fifty-plus years: a proliferation of disc jockeys, narrowcasting, the FM band, satellites, automation, talk, ethnicity, media empires, Internet streaming and gadgets galore... Deregulation, payola, HD radio, pirate radio, the fall of transcontinental networks, the rise of local stations, conglomerate ownership, and radio's future landscape are examined in detail. Radio has lost a bit of influence yet it continues to inspire stunning innovations.

future careers, the final chapter contains: -Information about different career opportunities in sports marketing. -Steps students can take to position themselves as job candidates. -Advice on career planning and management from a panel of the book's industry experts.

**Sports on New York Radio** David J. Halberstam, 1999 Radio is purely the announcer's medium. Accordingly, most of the best sports broadcasting has been done not on television, but on radio. David Halberstam writes from the knowledgeable and nuanced perspective of one who practices, respects, and understands the craft and its history. --Bob Costas NBC Sports Some of my friends and associates do not believe there was civilization before television, but I assure them that listening to Red Barber on radio from Ebbets Field or to Marty Glickman from Madison Square Garden was better than watching television. It was magic. Sports on New York Radio brings back memories of that magic. Reading about the many gifted radio voices who covered the Dodgers, Yankees, Giants, Rangers, Jets, the fights, and so much more reinforces my early conviction that I would never be a broadcaster. How I made it to even the brink of such company still baffles me. --Dick Schaap ABC News The Sports Reporters, ESPN I grew up with Red Barber, Mel Allen, and Marty Glickman. They were warm, friendly, great voices. Through the radio they brilliantly linked the fan with the game. David Halberstam captures the colorful history and many great memories of sports on the radio. --Robert Merrill #1-1/2 New York Yankees New York Metropolitan Opera The next best thing to sports on radio is reading about the perfect marriage of sports and radio. Halberstam takes us there. The information is riveting, the anecdotes hilarious. Radio lives in these pages. --Vic Ziegel Columnist New York Daily News Sports radio in New York has spawned many broadcast legends, and David Halberstam has captured them in his thoughtful book. --David W. Checketts President and CEO Madison Square Garden

Strategic Sport Communication, 2E Pedersen, Paul M., Laucella, Pamela, Kian, Edward, Geurin, Andrea, 2016-08-05 Strategic Sport Communication, Second Edition, presents a standard framework that introduces readers to the many ways in which individuals, media outlets, and sport organizations work to create, disseminate, and manage messages to their constituents.

Play-by-Play Ronald A. Smith, 2003-05-22 Noted sports historian writes on the relationship of the media to college athletics. Chosen as an Outstanding Academic Title for 2003 by Choice Magazine The phenomenal popularity of college athletics owes as much to media coverage of games as it does to drum-beating alumni and frantic undergraduates. Play-by-play broadcasts of big college games began in the 1920s via radio, a medium that left much to the listener's imagination and stoked interest in college football. After World War II, the rise of television brought with it network-NCAA deals that reeked of money and fostered bitter jealousies between have and have-not institutions.

In *Play-by-Play: Radio, Television, and Big-Time College Sport* noted author and sports insider Ronald A. Smith examines the troubled relationship between higher education and the broadcasting industry, the effects of TV revenue on college athletics (notably football), and the odds of achieving meaningful reform. Beginning with the early days of radio, Smith describes the first bowl game broadcasts, the media image of Notre Dame and coach Knute Rockne, and the threat broadcasting seemed to pose to college football attendance. He explores the beginnings of television, the growth of networks, the NCAA decision to control football telecasts, the place of advertising, the role of TV announcers, and the threat of NCAA Robin Hoods and the College Football Association to NCAA television control. Taking readers behind the scenes, he explains the culture of the college athletic department and reveals the many ways in which broadcasting dollars make friends in the right places. *Play-by-Play* is an eye-opening look at the political infighting invariably produced by the deadly combination of university administrators, athletic czars, and huge revenue.

*Sports Talk* Alan Eisenstock, 2010-03-16 A Journey inside the World of Sports Talk Radio Their voices explode over the airwaves -- with names like Mike and the Mad Dog, the Stinkin' Genius, Hacksaw, and JT the Brick. They broadcast in drive time and downtime, from rush hour to the dead of night. And yet, millions of fans tune in around the clock to hear their favorite larger-than-life radio personalities rant, rave, critique, predict, and mix it up with callers -- the dedicated fans of sports talk radio. Never before has this cloistered world opened its doors to a no-holds-barred, behind-the-scenes, full-access look at itself. Noted journalist (and fan) Alan Eisenstock embarks on a journey through the American sports radio landscape and gives readers a front-row seat -- from breakfast at the kitchen table of Eddie Andelman, Boston's godfather of sports radio, to the WFAN commissary with Mike and the Mad Dog in New York; from the plush home game room of

Chicago's hot dog-vendor-turned-#1 DJ Mike North to the empty 3 AM studio parking garage with nationally syndicated JT the Brick. Eisenstock goes into the studios, homes, and lives of these and many other of America's hottest and most-listened-to sports talk hosts. Filled with hilarious and entertaining tales of what makes these hosts tick -- as well as the unbelievable stories of how they got where they are today -- Sports Talk paints a picture the fans never see. Eisenstock shows us the blood, sweat, and tears of program directors with their reputations on the line; hosts searching for career security; and station managers who are always eyeing the bottom line. And, of course, there are stories of the rabid, obsessed, and off-the-wall fans. Whether you're a sports fan or a sports talk junkie, you'll be hooked from the first page.

*Jock Around the Clock* John Birchard, 2010 *Jock Around the Clock* takes you back three decades to a time when satellite broadcasting and the concept of all sports all the time were brand-new. It's the story of how ESPN founders Bill and Scott Rasmussen, having been forced out of their TV sports network, turned to radio and gave birth to the all-sports network, Enterprise Radio. The story features names familiar to American sports fans as they gather to launch the network that would flash across the sky for a brief few months, then flame out, leaving behind the blueprint so many others have copied since.

Beer, Babes, and Balls David Nylund, 2012-02-01 Looks at contemporary sports talk radio and its relations to both traditional and newer forms of masculinity.

*The Radio Station* John Allen Hendricks, Bruce Mims, 2018-05-01 *The Radio Station* offers a concise and insightful guide to all aspects of radio broadcasting, streaming, and podcasting. This book's tenth edition continues its long tradition of guiding readers to a solid understanding of who does what, when, and why in a professionally managed station. This new edition explains what radio in America has been, where it is today, and where it is going, covering the basics of how programming is produced, financed,

delivered and promoted via terrestrial and satellite broadcasting, streaming and podcasting, John Allen Hendricks and Bruce Mims examine radio and its future within a framework of existing and emerging technologies. The companion website is new revised with content for instructors, including an instructors' manual and test questions. Students will discover an expanded library of audio interviews with leading industry professionals in addition to practice quizzes and links to additional resources.

*Sport, Public Broadcasting, and Cultural Citizenship* Jay Scherer, David Rowe, 2013-08-15 This book examines the political debates over the access to live telecasts of sport in the digital broadcasting era. It outlines the broad theoretical debates, political positions and policy calculations over the provision of live, free-to-air telecasts of sport as a right of cultural citizenship. In so doing, the book provides a number of comparative case studies that explore these debates and issues in various global spaces.

*The Great Book of Detroit Sports Lists* Mike Stone, Art Regner, 2008-12-16 Sports talk in America has evolved from small-time barroom banter into a major media smorgasbord that runs 24/7 on TV and radio. With hundreds of billions of dollars generated annually by pro and college teams in major markets nationwide, sports fans across the country are more dedicated than ever to their teams. And when it comes to sports talk—especially all-sports radio—it's all about entertainment, information, prognostication, analysis, rankings, and endless discussion. Prominent sports-media figures in each of the three target cities—Cleveland, Detroit, and Washington, D.C.—engage in this phenomenon with a compilation of sports lists sure to delight as well as stir up debate within these already-buzzing sports communities. List topics include: • What were the most lopsided trades in local sports history? • Who were the most overrated athletes to play in our town? • What local athlete had the best appearance in TV or film? • What was the most heartbreaking loss in local sports history? • What was the greatest single play in local

sports history? • Who are our team's most hated rivals? • Plus dozens of “guest” lists contributed by famous local sports and entertainment celebrities. Not only does Detroit host major pro sports teams—the Lions (NFL), the Red Wings (NHL), the Tigers (MLB), and the Pistons (NBA)—the area also includes prominent college sports programs such as the University of Michigan. Detroit's fans are some of the most educated and fanatical in the country, thanks to the work of long-time commentators Mike Stone and Art Regner.
