Death in Yellowstone Lee H. Whittlesey,2014-01-07 The chilling tome that launched an entire genre of books about the often gruesome but always tragic ways people have died in our national parks, this updated edition of the classic includes calamities in Yellowstone from the past sixteen years, including the infamous grizzly bear attacks in the summer of 2011 as well as a fatal hot springs accident in 2000. In these accounts, written with sensitivity as cautionary tales about what to do and what not to do in one of our wildest national parks, Whittlesey recounts deaths ranging from tragedy to folly—from being caught in a freak avalanche to the goring of a photographer who just got a little too close to a bison. Armchair travelers and park visitors alike will be fascinated by this important book detailing the dangers awaiting in our first national park.

That Time of Year Garrison Keillor,2020-12-01 With the warmth and humor we've come to know, the creator and host of A Prairie Home Companion shares his own remarkable story. In That Time of Year, Garrison Keillor looks back on his life and recounts how a Brethren boy with writerly ambitions grew up in a small town on the Mississippi in the 1950s and, seeing three good friends die young, turned to comedy and radio. Through a series of unreasonable lucky breaks, he founded A Prairie Home Companion and put himself in line for a good life, including mistakes, regrets, and a few medical adventures. PHC lasted forty-two years, 1,557 shows, and enjoyed the freedom to do as it pleased for three or four million listeners every Saturday at 5 p.m. Central. He got to sing with Emmylou Harris and Renée Fleming and once sang two songs to the U.S. Supreme Court. He played a private eye and a cowboy, gave the news from his hometown, Lake Wobegon, and met Somali cabdrivers who'd learned English from listening to the show. He wrote bestselling novels, won a Grammy and a National Humanities Medal, and made a movie with Robert Altman with an alarming amount of improvisation. He says, "I was unemployable and managed to invent work for myself that I loved all my life, and on top of that I married well. That's the secret, work and love. And I chose the right ancestors, impoverished Scots and Yorkshire farmers, good workers. I'm heading for eighty, and I still get up to write before dawn every day."

The Keillor Reader Garrison Keillor,2014-05-01 Stories, essays, poems, and personal reminiscences from the sage of Lake Wobegon When, at thirteen, he caught on as a sportswriter for the Anoka Herald, Garrison Keillor set out to become a professional writer, and so he has done—a storyteller, sometime comedian, essayist, newspaper columnist, screenwriter, poet. Now a single volume brings together the full range of his work: monologues from A Prairie Home Companion, stories from The New Yorker and The Atlantic, excerpts from novels, newspaper columns. With an extensive introduction and headnotes, photographs, and memorabilia, The Keillor Reader also presents pieces never before published, including the essays "Cheerfulness" and "What We Have Learned So Far." Keillor is the founder and host of A Prairie Home Companion, celebrating its fortieth anniversary in 2014. He is the author of nineteen books of fiction and humor, the editor of the Good Poems collections, and a member of the American Academy of Arts and Letters.

Storytelling in Yellowstone Lee H. Whittlesey,2007 Whittlesey shares tales of the great Geyserland as told by the earliest tour guides of America's first and most unique national park.

The Grand Lady of Yellowstone Brad A Bulin,2020-12-06 Explore Yellowstone wolves by joining wildlife filmmaker and guide Brad Bulin on a personal journey deep into the world of wild wolves. In Search of Lake Wobegon Garrison Keillor,2001 This book combines text and image to reveal the real-life origins of the place where the women are strong, the men are good-looking and the children above average. Keillor meditates on the enduring culture of the county and on the years he spent there as a young writer and an outsider. And a short story of Lake Wobegon, October, appears here for the first time in print.--BOOK JACKET.

Lands of Lost Borders Kate Harris,2018-01-30 NATIONAL BESTSELLER WINNER OF THE RBC TAYLOR PRIZE WINNER OF THE EDNA STAEBLER AWARD FOR CREATIVE NON-FICTION Every day on a bike trip is like the one before--but it is also completely different, or perhaps you are different, woken up in new ways by the mile. As a teenager, Kate Harris realized that the career she most craved--that of a generalist explorer, equal parts swashbuckler and philosopher--had gone extinct. From her small-town home in Ontario, it seemed as if Marco Polo, Magellan and their like had long ago mapped the whole earth. So she vowed to become a scientist and go to Mars. To pass the time before she could launch into outer space, Kate set off by bicycle down a short section of the fabled Silk Road with her childhood friend Mel Yule, then settled down to study at Oxford and MIT. Eventually the truth dawned on her: an explorer, in any day and age, is by definition the kind of person who refuses to live between the lines. And Harris had soared most fully out of bounds right here on Earth, travelling a bygone trading route on her bicycle. So she quit the laboratory and hit the Silk Road again with Mel, this time determined to bike it from the beginning to end. Like Rebecca Solnit and Pico Iyer before her, Kate Harris offers a travel narrative at once exuberant and meditative, wry and rapturous. Weaving adventure and deep reflection with the history of science and exploration, Lands of Lost Borders explores the nature of limits and the wildness of a world that, like the self and like the stars, can never be fully mapped.

O, What a Luxury Garrison Keillor,2013-10-01 The celebrated radio host of A Prairie Home Companion presents his first collection of poetry, featuring his reflections on daily life, love, politics and religion in verse that reflects his characteristic humor and insight.

Eager Ben Goldfarb,2018 Our modern idea of what a healthy landscape looks like and how it functions is distorted by the fur trade that once trapped out millions of beavers from North America's lakes and rivers. Goldfarb shares the powerful story about one of the world's most influential species. He explains how North America was colonized, how our landscapes have changed over the centuries, and how beavers can help us fight drought, flooding, wildfire, extinction, and the ravages of climate change. -- adapted from jacket

Yellowstone Wolves Douglas W. Smith,Daniel R. Stahler,Daniel R. MacNulty,2020-12-28 This beautifully illustrated volume on the Yellowstone Wolf Project includes an introduction by Jane Goodall and an exclusive online documentary. The reintroduction of wolves to Yellowstone National Park was one of the greatest wildlife conservation achievements of the twentieth century. Eradicated after the park was first established, these iconic carnivores returned in 1995 when the US government reversed its century-old policy of extermination. In the intervening decades, scientists have built a one-of-a-kind field study of these wolves, their behaviors, and their influence on the entire ecosystem. Yellowstone Wolves tells the incredible story of the Yellowstone Wolf Project, as told by the people behind it. This wide-ranging volume highlights what has been learned in the decades since reintroduction, as well as the unique blend of research techniques used to gain this knowledge. We learn about individual wolves, population dynamics, wolf-prey relationships, genetics, disease, management and policy, and the rippling ecosystem effects wolves have had on Yellowstone's wild and rare landscape. Featuring a foreword by Jane Goodall, beautiful images, a companion online documentary by celebrated filmmaker Bob Landis, and contributions from more than seventy wolf and wildlife conservation luminaries from Yellowstone and around the world, Yellowstone Wolves is an informative and beautifully realized celebration of the extraordinary Yellowstone Wolf Project.

Life in the Garden Penelope Lively,2019-06-11 From the Booker Prize winner and national bestselling author, reflections on gardening, art, literature, and life Penelope Lively takes up her key themes of time and memory, and her lifelong passions for art, literature, and gardening in this philosophical and poetic memoir. From the courtyards of her childhood home in Cairo to a family cottage in Somerset, to her own gardens in Oxford and London, Lively conducts an expert tour, taking us from Eden to Sissinghurst and into her own backyard, traversing the lives of writers like Virginia Woolf and Philip Larkin while imparting her own sly and spare wisdom. Her body of work proves that certain themes never go out of fashion, writes the New York Times Book Review, as true of this beautiful volume as of the rest of the Lively canon. Now in her eighty-fourth year, Lively muses, To garden is to elide past, present, and future; it is a defiance of time.

Chasm City Alastair Reynolds,2020-04-21 Return to the dazzling world of Revelation Space with this British Science Fiction Award-winning space opera about a young man hell-bent on revenge on the surface of a twisted, disease-corrupted planet. The once-utopian Chasm City -- a domed human settlement on an otherwise inhospitable planet -- has been overrun by a virus known as the Melding Plague, capable of infecting any body, organic or computerized. Now, with the entire city corrupted -- from the people to the very buildings they inhabit -- only the most wretched sort of existence remains. For security operative Tanner Mirabel, it is the landscape of nightmares through which he searches for a lowlife postmortal killer. But the stakes are raised when his search brings him face to face with a centuries-old atrocity that history would rather forget. One of Locus and Science Fiction Chronicle's Best SF Novels of the Year

Lake Wobegon Days Garrison Keillor,1990-04-01 "Lake Wobegon Days is about the way our beliefs, desires and fears tail off into abstractions--and get renewed from time to time. . . this book, unfolding Mr. Keillor's full design, is a genuine work of American history." —The New York Times "A comic anatomy of what is small and ordinary and therefore potentially profound and universal in American life...Keillor's strength as a writer is to make the ordinary extraordinary." —Chicago Tribune "Keillor's laughs come dear, not cheap, emerging from shared virtue and good character, from reassuring us of our neighborliness and strength....His true subject is how daily life is shot with grace. Keillor writes a prose that can be turned to laughter, to tears...to compassion or satire, to a hundred effects. He is a brilliant parodist." —San Francisco Chronicle
