A Systematic Theology from East Asia Edmond Zi-Kang Chua, 2023-05-26 A Systematic Theology from East Asia: Jung Young Lee's Biblical-Cultural Trinity considers the Trinitarian theology of Jung Young Lee, a twentieth-century Korean American theologian, unique for being based on the Bible but also inspired by the Book of Changes, a classical text from East Asian culture with wide appeal. This monograph examines the Christian scriptural-traditional and cultural roots of Lee's doctrines of God and the Trinity as twin pillars of his systematic theological system bearing out God's nature, purposes, and guidance for humanity and the world. In addition, this book outlines the autobiographical milieu of Lee's theology, its contribution to three distinct fields of Trinitarian doctrine (immanent-economic trinitarianism, social Trinity theory, and Cappadocian trinitarianism), and culminates in an assessment of Lee as a systematic theologian from East Asia, comparing Lee with other Asian American theologians.

Symbols : A picture is worth a thousand words Ganesh Subramanian,2018-12-03 A symbol is a picture that means something more (than meets the eye). Symbols are compact containers of meaning. They transcend language and can be understood by everyone. Scientists have also shown that we remember pictures better than the word that the picture represents. In this sense, a symbol is a picture that is worth a thousand words! The symbols presented in the book include world famous symbols such as the Olympic Rings, the Recycle symbol, and the Handicap symbol. The book also features lesser known symbols such as the Red Crystal, Mr. Yuk, and the Accessible Icon. I hope that by reading this book, the reader will better appreciate symbols and the communicative power they have.

It is based on a unique, one-of-a-kind plot that resulted in an overall intriguing, mystifying storyline. As another unique feature, a Feng Shui theme is incorporated as part of the plot, allowing the reader to gain fascinating Chinese I Ching and Feng Shui knowledge. His adventure brings him into not only the mystifying world of building-leaping, dagger-throwing members of the ultra secret society, the Blood Drippers Clan, an integral part of China's history for more than two hundred years, but also the intriguing practices of Feng Shui, as he found himself engulfed in a controversial scheme that promised to save the world from its current course to destruction. Surprise developments happen in every step of the way, as more

and more clues came into light. The final ending is totally unexpected.

Hunab Ku Karen Speerstra, Joel Speerstra, 2005 The Mayan symbol Hunab Ku represents movement and energy—the principle of life itself—in a spiraling design reminiscent of the Eastern yin-yang symbol. As an embodiment of harmony and balance, Hunab Ku invites us into the age of consciousness, which is predicted to begin on December 21, 2012. HUNAB KU prepares us for this cosmic awakening by presenting 77 sacred symbols that create an interactive system for learning, healing, and meditation. Beautifully illustrated and exhaustively researched, this virtual pilgrimage invites us to explore artifacts, earthworks, numerological patterns, and archetypes from diverse traditions the world over: ancient Greece, the Americas, Africa, the British Isles, Babylon, India, and beyond. Hunab Ku waits for you at the book's center, the threshold between our present age and the coming age of enlightenment. Like runes, tarot, and other pathworking systems, the archetypes herein open doors, create bridges, and shed light on our past and our future. These spiritual signposts are all around us and within, waiting to be interpreted. Let HUNAB KU be your guide. A richly illustrated book that draws on cross-cultural ancient symbols, numerology, archetypes, and earthworks, and the chakras. Includes 77 vivid full-color illustrations placed within the framework and palette of the seven chakras. Builds on the growing popularity of José Arguelles's *The Mayan Factor* and Carl Johan Calleman's *The Mayan Calendar and the Transformation of Consciousness*.

Context ,

Madona's Pics Maria Madonera, 2020-12-17 Who can deny that a cosmic unity of YIN, the universal feminine energy, and YANG, the universal masculine energy, exist? Who can deny that the prevailing global dominance of masculine energy is the source of the imbalance of this cosmic unity of YIN and YANG? Who can deny that YIN, Mother Nature, is reacting to this disequilibrium in form of water and fire, the very symbols of feminine and masculine energy? Who can deny that even the Goddess of Art is dominated by male energy? Who can deny that the perception of Art, or what is supposed to be Art and what is not, underlies a male dominated concept? It is precisely in this context that the paintings and poems of the female artist Maria Madonera surpass the conventional male-dominated concept of Art. The paintings of Maria Madonera excel in an extraordinary richness of expression. In connection with its modern terms and unusual colouring, they remind us of the expressionists, but are elevated by a transcendence similar to that of Chagall. (Ecomond Press, Rome)

I Ching Edward A. Hacker, Steve Moore, Lorraine Patsco, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew*, and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy and

unruliness, courtship and marriage, language and speech, and performance and theatricality.

Foretell the Future with the I Ching and My Calendar of Days James C. Byrd, 2007-08-13 It's not much, but having that slight advantage over the elapse of time as we move forward, could in many ways make life easier. With that thought comes the advent of my book and its calendar, my book will help you understand many of the upcoming days and generate less stress as to what a certain day in the past, present and the futures, was, will or, is all about to a certain extent. It's called, Foretell the Future with the I Ching and My Calendar of Days. With this book you will learn within a short time about the origin of the I Ching, as well as gain some insight into how it came to influence me to create a perpetual calendar. An old man told me to go and check a book out of the library and read it, I went one step further as a dowser, I asked what was the most important item in my house at the time as I scanned each room while dowsing, the indicator was that book I had borrowed from the public library, The I Ching. Enough said about dowsing. My calendar is based on the 64 hexagrams, with the kicker being, the calendar is a window into the future and the past, but more importantly the present scheme of things. The calendar can be used to gain insight into the scheme of past and future events. My main passionate observance with this calendar one knows when to fast. And as stated with hexagram 36, one should fast for three days, and play close attention to three days before, and three days after peak-ness. I usually take raw fresh fruit juice for three days after peak-ness; in any event I think that one should fast at least once a week, juice fast, that is. In all cases ask your doctor first folks. It is very enlightening to know when to fast and know when to abstain from a full load of activities. I usually take a vacation from work for three to seven days. This helps me to purge all poison and other obstructions from my body and keep out of harm's way as well, because as I know hexagram thirty-six does mean Injury. Knowing

that, I know not to take any undue chances. This is all due to a general tendency that the calendar presents. Lastly I would like to impart upon you that 63 as noted in the I Ching, is not necessarily an after completion or ending, its and advent of a new starting point, thanks folks for listening (1-8-2012). “A pine cone just fell somewhere, it is time.” ~James Byrd 1-18-2012 And again, look up some great person's birthday and you will be surprise. A hint..., the greatest person you know. Now enjoy the year of the dragon, 1-24-2012 (23). Moving towards global peace with words, do you know what I meant.
