You Can Achieve More Shiv Khera,2018-08-23 While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

Myths and Fictions Biderman,Scharfstein,2021-11-22 Myths and Fictions – the third in a series of books on comparative philosophy and religion – is a collection of original essays, none previously published, on the theory and the actuality of myths and fictions in the different cultures of the world. Through all the essays there runs the question of the relation of literal truth to truth conceived in other ways or dimensions. Taken as a whole, the book makes a serious attempt to get beyond the confines of any single culture and enter into the mythical imagination of the ancient Hindus, Chinese, Hebrews and Christians, and by this act of imagination to escape (in Italo Calvino's words) the limited perspective of the individual ego, not only to enter into selves like our own but to give speech to that which has no language...

18 Minutes Peter Bregman,2011-09-28 Based upon his weekly Harvard Business Review columns (which is one of the most popular columns on HBR.com, receiving hundreds of thousands of unique page views a month), 18 MINUTES clearly shows how busy people can cut through all the daily clutter and distractions and find a way to focus on those key items which are truly the top priorities in our lives. Bregman works from the premise that the best way to combat constant and distracting interruptions is to create productive distractions of one's own. Based upon a series of short bite-sized chapters, his approach allows us to safely navigate through the constant chatter of emails, text messages, phone calls, and endless meetings that prevent us from focusing our time on those things that are truly important to us. Mixing first-person insights along with unique case studies, Bregman sprinkles his charming book with pathways which help guide us -- pathways that can get us on the right trail in 18 minutes or less.

Don't Tell The Governor Ravi Subramanian,2018-11-06 On 8 November, when the clock strikes 12, your money will be no good. Somewhere on the India-Nepal Border, a car full of passengers swerves off a highway and plunges into a valley, its trunk full of cash. In the UK, a Bollywood starlet wins Big Survivor, the most popular reality TV show in the country. In Panama, Central America, a whistle-blower at a law firm brings down billionaires across the globe. And in India, a new RBI Governor is appointed. Aditya Kesavan is dynamic, charismatic and ambitious. And he's been handed the reins of the RBI on a platter. His only job: to make sure he doesn't rock the boat. But, unknown to him, the wheels have begun to turn, as the country heads towards the biggest financial event in modern Indian history. And Governor Kesavan is about to carry out the most brazen act of his life - and, perhaps, his most foolish. Will he be able to pull himself out of the mess he has got into or will he have to surrender to the manipulative forces behind the scenes? Running desperately out of time, the Governor must set things right.
