At the end of the class, a student raised their hand and said, I wish you come into our classroom every day to teach us. And so Diane got an idea to build a course that was designed for just that. A series of lessons where she could teach doodling in schools and homes around the world. After decades of hearing, I don't know what to draw or I wish I had a tool to get me started. Now you do! She had so much fun creating Doodling is Thinking: 21 Doodle Days . This workbook has been designed so that as many

people as possible could join in and get started on their own, with their children and even their students. Make sure you sign up for the FREE 21 Doodle Days Course at www.DoodleInstitute.com

We are on a mission to help adults and children explore their own creative space and give themselves permission to doodle, discover and dream. As a company, we have worked with hundreds of businesses, from top Fortune 500's to non-profits and start-ups, and have seen thousands of adults light up when they realize they can draw and bring their ideas to life. Our dream is to share what we have learned about doodling and coloring in order to unlock the creativity inside all people, so we may become the Creators of Change we want to see in the world.
