America's Songs II Michael Lasser, 2014-01-03 America's Songs II: Songs from the 1890's to the Post-War Years continues to tell the stories behind popular songs in our country's history, serving as a sequel to the bestselling America's Songs: Stories Behind the Songs of Broadway, Hollywood, and Tin Pan Alley. Beginning in 1890 and ending in post-war America, America's Songs II is a testament to the richness of popular music in the first half of the 20th century. This volume builds on the unique features of the first volume, delving deeper into the nature of the collaboration between well-known songwriters of the time but also shedding light on some of the early performers to turn songs into hits. The book's structure - a collection of short easy-to-read essays - allows the author to provide historical context to certain songs, but also to demonstrate how individual songs facilitated the popularity of specific genres, including ragtime, jazz, and blues, which subsequently reshaped the landscape of American popular music. America's Songs II: Songs from the 1890's to the Post-War Years will appeal to American popular music enthusiasts but will also serve as an ideal reference guide for students or as a supplement in American music courses.

Players Making Decisions Zack Hiwiler,2015-12-09 Game designers today are expected to have an arsenal of multi-disciplinary skills at their disposal in the fields of art and design, computer programming, psychology, economics, composition, education, mythology—and the list goes on. How do you distill a vast universe down to a few salient points? *Players Making Decisions* brings together the wide range of topics that are most often taught in modern game design courses and focuses on the core concepts that will be useful for students for years to come. A common theme to many of these concepts is the art and craft of creating games in which players are engaged by making meaningful decisions. It is the decision to move right or left, to pass versus shoot, or to develop one's own strategy that makes the game enjoyable to the player. As a game designer, you are never entirely certain of who your audience will be, but you can enter their world and offer a state of focus and concentration on a task that is intrinsically rewarding. This detailed and easy-to-follow guide to game design is for both digital and analog game designers alike and some of its features include: A clear introduction to the discipline of game design, how game development teams work, and the game development process Full details on prototyping and playtesting, from paper prototypes to intellectual property protection issues A detailed discussion of cognitive biases and human decision making as it pertains to games Thorough coverage of key game elements, with practical discussions of game mechanics, dynamics, and aesthetics Practical coverage of using simulation tools to decode the magic of game balance A full section on the game design business, and how to create a sustainable lifestyle within it

The Study Quran Seyyed Hossein Nasr,Caner K. Dagli,Maria Massi Dakake,Joseph E.B. Lumbard,Mohammed Rustom,2015-11-17 An accessible and accurate translation of the Quran that offers a rigorous analysis of its theological, metaphysical, historical, and geographical teachings and backgrounds, and includes extensive study notes, special introductions by experts in the field, and is edited by a top modern Islamic scholar, respected in both the West and the Islamic world. Drawn from a wide range of traditional Islamic commentaries, including Sunni and Shia sources, and from legal, theological, and mystical texts, *The Study Quran* conveys the enduring spiritual power of the Quran and offers a thorough scholarly understanding of this holy text. Beautifully packaged with a rich, attractive two-color layout, this magnificent volume includes essays by 15 contributors, maps, useful notes and annotations in an easy-to-read two-column format, a timeline of historical events, and helpful indices. With *The Study Quran*, both scholars and lay readers can explore the deeper spiritual meaning of the Quran, examine the grammar of difficult sections, and explore legal and ritual teachings, ethics, theology, sacred history, and the importance of various passages in Muslim life. With an introduction by its general editor, Seyyed Hossein Nasr, here is a nearly 2,000-page, continuous discussion of the entire Quran that provides a comprehensive picture of how this sacred work has been read by Muslims for over 1,400 years.

The Gold Mine Effect Rasmus Ankersen, 2012-07-05 'A great read and a fascinating insight into performance.' Sir Clive Woodward We all want to discover our hidden talents and make an impact with them. But how? Rasmus Ankersen, an ex-footballer and performance specialist, quit his job and for six intense months lived with the world's best athletes in an attempt to answer this question. Why have the best middle distance runners grown up in the same Ethiopian village? Why are the leading female golfers from South Korea? How did one athletic club in Kingston, Jamaica, succeed in producing so many world-class sprinters? Ankersen presents his surprising conclusions in seven lessons on how anyone - or any business, organisation or team - can defy the many misconceptions of high performance and learn to build their own gold mine of real talent.

The Athlete's Success Planner Jason Beeding, 2019-08-28 Many athletes have visions of success that spark motivation and action. Without proper planning, those visions usually lead to disappointment because the athlete simply doesn't have a clear path to reach the level of success they desire. Good News! Now there is a way to unlock and define this path. The Athlete's Success Planner is a revolutionary tool that will help athletes define a clear course of action for their ultimate success. Laid out in a 52 week format with an easy to read, step by step, detailed plan that allows the athlete to chart their own course in a well thought out manner. Beeding takes athletes on a thought provoking journey to self discovery and personal athletic development, helping them redefine their current thought process towards self betterment and defined purpose to their training and actions. By focusing on self and reflecting on an athlete's current mental state, The Athlete's Success Planner delivers a road map to success that will get the athlete redirected and recharged with a clear path in mind. As an athlete (no matter the sport) you have a dream you want to see come true. The Athlete's Success Planner is the tool that turns that dream into a reality.

Things From the Flood Simon Stålenhag, 2020-07-07 The basis for the new Amazon Prime Original Series! From the author of the imaginative and "awe-inspiring" (New York Journal of Books) narrative art book The Electric State comes the haunting sequel to his remarkable Tales from the Loop. Welcome back to the Loop. In 1954, the Swedish government ordered the construction of the world's largest particle accelerator in the pastoral countryside of Mälaröarna. The local population called this marvel of technology The Loop and celebrated its completion. But Mälaröarna and the world would never be the same. Infused with strange machines and unfathomable creatures, Things from the Flood is a transcendent look at technology that will stay with you long after you turn the final page.
