**Indonesian Vocabulary Book** Pinhok Languages, 2022-05-01 Indonesian vocabulary book + Indonesian dictionary This Indonesian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Indonesian-English as well as English-Indonesian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Indonesian learning resource is a combination of Indonesian vocabulary book and a two-way basic Indonesian dictionary: Part 1 - Topic based Indonesian vocabulary book: This is the main part of the book and represents a list of chapters each containing Indonesian vocabularies for a certain topic. The Indonesian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Indonesian dictionary: The index in the second half of the book can be used as a basic Indonesian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Indonesian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Indonesian words and directly find the English translation How to use this Indonesian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Indonesian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Indonesian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Indonesian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Indonesian and comes in particularly handy at times when there is no internet to look up words and phrases.

*Fluent Forever* Gabriel Wyner, 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that

will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

*4000 Essential English Words* Paul Nation, 2009

*An Introduction to Language and Linguistics* Ralph Fasold, Jeffrey Connor-Linton, 2006-03-06 This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.
