Two manuscripts in one book: Portuguese for Beginners: A Comprehensive Guide for Learning the Portuguese Language Fast Mastering Portuguese Words: Increase Your Vocabulary with Over 3,000 Portuguese Words in Context Are you quite busy and in need of a precise, but thorough, resource to learn Portuguese? Are you traveling to or working in a Portuguese-speaking country? Do you want to connect with people, while keeping your personality when speaking Portuguese, instead of just learning how to tourist-talk? Do you want to learn phrases that you can use to navigate social situations and help you make friends and new connections? If your answer to these questions is yes, then this book is here to help. Learning a new language is such an amazing tool that allows people from different parts of the world

to connect more easily. That leads, more importantly, to deeper and more meaningful connections as well. In the case of the Portuguese language, several countries have it as the official language, making it the sixth most spoken idiom on Earth, with 170 million speakers worldwide. This means that learning it grants you the possibility of making friends or finding job opportunities in the most obscure places you can imagine. Part one of this book is divided into three parts: The Very Basics Grammar Conversation You'll also find many fun quizzes throughout the book that will allow you to practice your skills. Part two of this book will present you with over 3,000 Portuguese words, which are the most frequently used in Portuguese. But instead of making a plain list, the words will be allocated to different categories so that it is easier to organize them in your mind, as they are taught within a specific group of words. Each word will also be used in a sentence and then translated into English to make sure it is well understood. So if you want to learn Portuguese fast, then scroll up and click the add to cart button!

Portuguese Language for Foreigners Neil Mars, 2017-07-04 This book is a compilation of texts, exercises, and a vast amount of resources as used in the best universities to teach Portuguese to Foreigners. It includes the most effective methods to learn the Portuguese Language, either alone or with the help of a partner. It's also an excellent manual to help Portuguese Language Teachers and Lecturers in the Classroom. This book is based on an extensive experience teaching Portuguese to foreign students, creating the first Portuguese Departments for several Chinese Universities, and most importantly, based on the insights acquired through cooperations with the Universities of Guangdong, Harbin, Jilin and Shanghai, in China. During these years, the author researched everything that exists in the market to teach the Portuguese Language, and that's why he knows that you won't ever find a manual for the teaching of the Portuguese Language that can guarantee you faster and better results, but also more motivating and interesting than what is presented here. Moreover, during his experience as a lecturer, the author was considered one of the most efficient Language Teachers in China, recommended by the Portuguese Embassy as one of their best lecturers ever, and his students were known for winning multiple national awards related to speech, translation, interpretation and writing competitions, and also known for being the fastest at language learning. Many of them became fluent Portuguese speakers in just one month. Today, these former students are managers, entrepreneurs, translators, interpreters, and employees of some of the best and most popular companies around the world, including football teams, and in countries as diversified as Brazil, Portugal, Angola, Mozambique, Spain, Saudi Arabia, China, England and the USA,

among many others.

Let's Pretend This Never Happened Jenny Lawson,2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a

poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

The Revolt of The Public and the Crisis of Authority in the New Millennium Martin Gurri ,2018-12-04 How insurgencies—enabled by digital devices and a vast information sphere—have mobilized millions of ordinary people around the world. In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age: government, political parties, the media. The Revolt of the Public tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, The Revolt of the Public is now available in an updated edition, which includes an extensive analysis of Donald Trump’s improbable rise to the presidency and the electoral triumphs of Brexit. The book concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process and whether new organizing principles, adapted to a digital world, can arise out of the present political turbulence.

Fluent Forever Gabriel Wyner,2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation,

you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.
