Corporate Culture and Globalization Yi Zhu, 2023-03-10 This book offers an ethnographic analysis of how corporate culture has been transformed in the age of globalization and promotes the importance of a national ideology's role in corporate culture studies. Based on 15 months of participant observation as a shop-floor salesperson, this book explores the gap between management-created corporate ideology and employees' interpretations of and responses to this ideology. This book approaches the issue by examining the formation, dissemination, and interpretation of corporate ideology at a global Japanese fashion retailer in Hong Kong. It does so by charting the history of the company's corporate policy: from centralized attempts at corporate employee management, through the creation of store manager missionaries intended to disseminate their ideology, to the ultimately unexpected outcomes as corporate ideology collided with its interpretations by store employees. The interdisciplinary nature of this book will appeal to scholars and upper-level students in the fields of management, marketing, anthropology, and cultural studies as well as those interested in globalization, cross-cultural management, and retail management.

Zen & the Art of Masturbation Mark Oglesby, 2017-05-23 Zen & the Art of Masturbation by Mark Oglesby Deftly wielding tongue-in-cheek humor and lyrically acrobatic prose, author Mark Oglesby takes aim at the absurdity of working and living in our highly technical, commercialized society. With a plot that hopscotches across time and space and a cast of characters foolish and farcical, Zen & the Art of Masturbation is a satire in the vein of Tom Robbins or Catch-22, holding a funhouse mirror up to the modern online-retail monopoly—and our own insatiable hunger for stupid ass-scratching stuff just one click away.

**Shanghai Sacred** Benoît Vermander, Liz Hingley, Liang Zhang, 2018-04-15 Shanghai, a dynamic world metropolis, is home to a multitude of religions, from Buddhism and Islam, to Christianity and Baha'ism, to Hinduism and Daoism, and many more. In this city of 24 million inhabitants, new religious groups and older faiths together claim and reclaim spiritual space. Shanghai Sacred explores the spaces, rituals, and daily practices that make up the religious landscape of the city, offering a new paradigm for the study of Chinese spirituality that reflects the global trends shaping Chinese culture and civil society. Based on years of fieldwork, incorporating both comparative and methodological perspectives, Shanghai Sacred demonstrates how religions are lived, constructed, and thus inscribed into the social imaginary of the metropolis. Evocative photographs by Liz Hingley enrich and interact with the narrative, making the book an innovative contribution to religious visual ethnography.

**Throwing the Elephant** Stanley Bing, 2009-03-17 Stanley Bing follows his enormously successful What Would Machiavelli Do? with another subversively humorous exploration of how work would be different—if the Buddha were your personal consultant. What would the Buddha do—if he had to deal with a rampaging elephant of a boss every day? That is the premise of Stanley Bing's wickedly funny guide to finding inner peace in the face of relentlessly obnoxious, huge, and sometimes smelly bosses. Taking the concept of managing up to a new cosmic plateau, Bing urges no less than a revolution of the spirit in the American workplace, turning overwrought, oppressed, stressed-out employees into models of Zen-like powers of concentration, able to take their elephant-like bosses and grey, lumbering companies and twirl them around the little finger of their consciousness. In Bing's unique tradition of social criticism cum business self-help, Throwing the Elephant presents Four Truths (or possibly Five), a Ninefold Path, and one useful, hilarious guide to workplace sanity, success, and enlightenment that surpasses all understanding, survival.
