Coup D'État in the Land of Zep Tepi Buiteboer, 2016-09-21

If you have ever wondered where the human obsession with the apocalypse comes from, if you ever wanted to know why the world did not come to an end on December 21, 2012, as prophesied by the Mayan calendar and propagated by paranoid apocalyptomaniacs, then *Coup d'état in the Land of Zep Tepi: A Progress Report* is for you. But why? In an action-packed volume 1, the most controversial discovery to jump from the midst of mythological time into the twenty-first century exposes information concerning goings-on in ancient Egypt around 1450 BC. Volume 2 of *Coup d'état in the Land of Zep Tepi: A Progress Report* picks up narrative threads of the ongoing search for clues as to how and why the Bachwezi staged an outfiliation to off-worldly realms. This edition of the report traces the outlines of even more shocking revelations unearthed, of all places, in Darfur. The search for a lost Story Hunter takes on new and increasingly surreal dimensions when one-legged angels start dropping in from the thin blue Darfuri desert sky. Nevertheless, volume 2 forges ahead with Buiteboers original plan, which is to complete the report in the eye-span of one night. Immersed in hotly contested historical and geographical space, the completion of the hunt for Story Hunter jumps from Darfur to Khartoum in an unlikely night ride that takes the report into the thick of off-worldly goings-on and beyond the vertigo-filled zones occupied by the waghdas in volume 1. Will Story Hunter be extracted back to earth from the off-worldly realms? Will Giovanni Neros search be met by success, or are they bound to disappear into the murky netherworlds, where pitched battles are being fought for control over territory in the fields of myth? In these pages, we will learn that the ancient gods of Egypt are reaching across space and vast regions of time to stay the hand of the ticking time bomb lodged in the Mayan calendars codes. Will the report come up with a plausible explanation for the world not coming to an end on December 21,

2012?

Zep Decker Brett Perkins, 2012-04-26 Zep only wanted to get rich, not become entangled in the lives of so many females, and he certainly never expected to fall in love. But that's what can happen when you buy a tiny women's college in 1929. Zep Decker is the humorous tale of a scheme that goes wonderfully wrong. Zep's plan for the school is simple enough: just add some male students and a football team and the cash will roll in. But adding young men to a campus full of women comes with its own set of issues and an unknown football team doesn't sell tickets. Ponder Grove College needs notoriety, so Zep brainstorms a way to get it- what could be more unusual than having a college girl, Addie, run for mayor? And speaking of unusual, Zep is a complex, brilliant man, but there's something different about him. His suit is always wrinkled and he usually forgets to shave. He's charismatic but most of the time chooses to remain aloof. He inspires the female students, but they can't figure him out and some begin to doubt his grand plan. Trying to make sense of it all and keep the school intact are a couple of staff members who came with the school. Mabel is the clever bookkeeper who refuses to let Zep ruin the school or his life. Marion is the stunning Dean of Academics, moving on from a mistake in her past and trying to fit in. Joining them is Cinch, Zep's brother, who has to create a football team from scratch. He's got to do it quickly, too, which results in some comical episodes. It all comes down to the first week in November, when Zep Decker's adventure will prove to be a spectacular success-or failure. Does Addie have a chance to win the mayor's race? Will the football team win enough? And has Zep gone too far by risking the school's money in the stock market, right before the worst crash in American history? It's a delightful mess, full of romance and fun as Zep Decker finds out what happens when a get-rich plan meets a campus full of women.

Zep and Don Alixe Dique,2018-12-06 Zep and Don is a fictional tale about the Australian wildlife, which I have been fortunate to observe closely while living for twelve years in far-west Queensland. All the paintings were done live. The black-eared kite is a native of Australia.

A Story of Men Zep,2017-11-07 An original graphic novel from superstar European comics creator Zep, in English of the first time. They were backstage when it happened. Just feet from the BBC cameras. Tricky Fingers were going to play live on TV. But they didn't. Instead they broke up and never played together again. Sandro, the frontman, went on to fortune and fame. The rest of the band did not. Eighteen years later Sandro calls his former bandmates together for a weekend of reconnecting, to find out where life has taken them and how their fortunes have fared, to see if they've learned anything since they were teenagers—but memories can be hard to forget. And unknown secrets even harder to swallow. Join Sandro, Evan, Frank and JB—four friends separated by time, distance and status—as they explore their history, their lives, and their friendship. This is their story—a story of men.

Zep Tepi Bill Parker,2016-10-21 Before the time of man, according to the ancient legends, the gods walked the earth. The Egyptians had a name for this time. They called it 'Zep Tepi' -- the First Time. That time is where this story began. Five Moons: Zep Tepi picks up the story ten thousand years later... It all started with an emergency call from a world at the farthest edges of explored space. You are our only hope, they tell Dallas Blake and the crew of the Five Moons. A deadly virus will kill them all if the Five Moons doesn't get the vaccine to them right away. But, like

every other mission the Five Moons has taken on, this was but the tip of the iceberg. One thing was certain -- someone tried to kill these people. But the Five Moons was the Nexus of Fates. It had chosen each member of the crew for a reason. Then it chose Star, but it wasn't done with them yet. Its next choice would become a light, shining into the darkness.

The Book of Ezekiel, Chapters 1-24 Daniel I.

Block,1997-08-26 To most modern readers the book of Ezekiel is a mystery. Few can handle Ezekiel's relentless denunciations, his unconventional antics, his repetitive style, and his bewildering array of topics. This excellent commentary by Daniel I. Block makes sense of this obscure and often misunderstood prophet and demonstrates the relevance of Ezekiel's message for the church today.

The Leeser Bible TOV Rose,2015-03-25 Rabbi Isaac Leeser (1806-1868) of Philadelphia was responsible for the first Jewish translation of the Bible made for American Jewry. Leeser's considerable learning in matters biblical and rabbinic derived in major measure from the fine research then flowering in Germany, and his translation of the Bible became in a short time the standard Bible for English-speaking Jews in America. I originally put this edition together, edited it and published it as a gift to my own father, who loves this Bible version.

Sacred Messengers of Shamanic Africa Carley

Mattimore,Linda Star Wolf,2018-07-17 A guide to connecting with the wisdom and energies of ancient Africa and awakening the lion-hearted spiritual warrior within • Reveals the wisdom and love of the White Lions of Timbavati, who have returned to help us remember our divine origins • Explores how to reconnect to our original roots in Africa hidden deep within our DNA and remember our sacred contract to guard and protect the natural world • Offers shamanic journeys to connect with African power animals as well as the energetic hologram of the 31st meridian, the spine of Mother Earth It was predicted by indigenous tribes in Africa that when the White Lions return to their sacred lands in Timbavati we would be in a time of evolutionary and spiritual awakening. On Christmas Day in the year 2000, Marah the White Lion was born, the first "way-shower" to arrive and help us awaken to our divine origins, when we were one with all life in Zep Tepi, the land of first time. Our spiritual warrior selves are being summoned to heal the separation between us and nature, to be the change agents of heart, as we evolve to a higher consciousness. Exploring how to

awaken to the energies and messengers of ancient Africa that reside along the 31st meridian, the spine of Mother Earth, Carley Mattimore and Linda Star Wolf take you on a journey to connect with our original roots in Africa, hidden deep within our DNA. They share shamanic journeys and teachings to connect with the strengths of Africa's spirit animals, including the inner authority and heart of Lion, the loyalty and wisdom of Elephant, the love and compassion of Giraffe, and the shadow side of Hyena. They explore the power of shamanic sacred sites and offer teachings on the African Tree of Life and the energetic hologram of the 31st meridian. Sharing wisdom from Mhondoro Mandaza Kandemwa, Grandmother Twylah Nitsch, and other wisdom keepers, the authors explain how, as we connect with the messengers along the 31st meridian, we begin to remember our sacred contract to protect the natural world. Offering a guide to reconnect with the ancient African wisdom of love and higher consciousness buried in our cellular memory, the authors show how we can help reopen the heart of humanity and heal the world around us.
