

Zero Balance

Ashley Fontaine

Zero Balance Ashley Fontaine,2012 Nine months ago, I served my own personal brand of punishment on those that kept their silence when I was raped. Nine months ago, I was the voice that found justice for a beautiful young life, viciously slain in her prime many years ago, and helped her grieving mother to finally find peace. Nine months ago, I saw this rapist/killer escorted to jail in handcuffs and now, I reign from his old throne. Nine months ago, my horrid nightmares were finally quieted after eviscerating the snake's body and crushing its evil head. Two weeks before the trial of Olin Kemper was scheduled to begin, the dreams came back. Haunting, disturbing dreams that I can't escape nor understand. A week ago, I realized that I didn't kill the snake; I just wounded it.

Zero Balance David Walker,2007-01 Life. It did not come with an instruction manual that we could follow and eliminate mistakes we make. We learn as we go. We eventually learn the true essence of life. At some point we hopefully get it all right. We finally get our priorities right. We determine what is really important and what is not. If we do finally get it right, we learn that there is nothing more important to us than other people, and how we treat those people will eventually have a direct outcome on our own life and its fulfillment. Although the characters are fictitious in this work, the essence and meaning of the stories are real and true to us all.

Zero Balancing Expanded Judith Sullivan,2014-11-01 What sets this book apart is the simplicity of the fulcrums that help the client. It is not only the techniques that are described but the practitioners' internal resonance and resource of stillness, silence and spaciousness, or the feeling of holding the person in high regard without judgment, comparison or the need to understand which allows for the greatest change energetically. These cranial and visceral techniques that I have used for many years can be integrated easily into the Zero Balancing protocol. The techniques have been modified because of my decades of experience, to become more available to the practitioner, easier to perform, and more effective. What sets it apart are the simple descriptions and instructions.

The Power of Zero, Revised and Updated David McKnight,2018-09-04 OVER 300,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?
