City of Veils Zoë Ferraris,2010-08-09 Finding Nouf's Katya Hijazi and Nayir Sharqi return for another thrilling, fast-paced mystery that provides a rare and intimate look into women's lives in the Middle East. Women in Saudi Arabia are expected to lead quiet lives circumscribed by Islamic law and tradition. But Katya, one of the few women in the medical examiner's office, is determined to make her work mean something. When the body of a brutally beaten woman is found on the beach in Jeddah, the city's detectives are ready to dismiss the case as another unsolvable murder-chillingly common in a city where the veils of conservative Islam keep women as anonymous in life as this victim is in death. If this is another housemaid killed by her employer, finding the culprit will be all but impossible. Only Katya is convinced that the victim can be identified and her killer found. She calls upon her friend Nayir for help, and soon discovers that the dead girl was a young filmmaker named Leila, whose controversial documentaries earned her many enemies. With only the woman's clandestine footage as a guide, Katya and Nayir must confront the dark side of Jeddah that Leila struggled to expose: an underworld of prostitution, violence, exploitation, and jealously guarded secrets. Along the way, they form an unlikely alliance with an American woman whose husband has disappeared. Their growing search takes them from the city's car-clogged streets to the deadly vastness of the desert beyond!--

Settlin' Muriel Simms,2018-10-29 Only a fraction of what is known about Madison's earliest African American settlers and the vibrant and cohesive communities they formed has been preserved in traditional sources. The rest is contained in the hearts and minds of their descendants. Seeing a pressing need to preserve these experiences, lifelong Madison resident Muriel Simms collected the stories of twenty-five African Americans whose families arrived, survived, and thrived here in the late nineteenth and early twentieth centuries. While some struggled to find work, housing, and acceptance, they describe a supportive and enterprising community that formed churches, businesses, and social clubs--and frequently came together in the face of adversity and conflict. A brief history of African American settlement in Madison begins the book to set the stage for the oral histories.
