Zing! Seven Creativity Practices for Educators and Students Pat Mora,2010-03-30 Cultivate your own creativity and the creative potential of all your students! Inventive teaching is an art form that enriches lives and transforms teachers and students. This beautifully written guide offers seven powerful practices for personal creativity and professional inventiveness. For each practice, author Pat Mora proposes a symbol and presents parallel exercises for teachers and students. Evocatively written in the form of letters to teachers and librarians, this book: Helps educators access their creative selves and, in the process, become better teachers Nurtures students in expressing themselves through writing and other creative pursuits Includes activities at the end of each chapter

Dan Zanes' House Party! Dan Zanes,Claudia Eliaza,2018-12-11 In Dan Zanes' House Party!, the Grammy Award-winning children's artist presents a huge collection of folk songs along with inspiration to start your own family band. Too often, new parents eager to share their love of music with their young children feel their options are limited to cuddly singing dinosaurs and well-meaning humans whose understanding of children’s music starts with “Kumbaya” and ends with “Puff the Magic Dragon.” For many sane adults, these choices are more abrasive than the most aggro noise-rock of their college years. Dan Zanes has spent the past 20 years creating a truly compelling body of children's music that music-loving parents can also get behind. A former 1980s indie rocker, Zanes' 13 children's albums have gained wide praise for their authentic arrangements and preservation of America's folk traditions. In Dan Zanes' House Party!, the Grammy Award-winning Zanes has curated a rich selection of folk songs that comprise an essential musical cross-section of the American experience and its multicultural, immigrant underpinnings. The selections include the standard songs we all know and love, along with folk classics. Each song is accompanied by a brief narrative on its historical context, followed by lyrics, notation, and chords. Among the songs you'll learn to play: Erie Canal, Pay Me My Money Down, Titanic, Waltzing Matilda, The Farmer Is the One, Wabash Cannonball, Sloop John B., Old Joe Clark, Skip to My Lou, King Kong Kitchie, and We Shall Not Be Moved. Dan Zanes' House Party! also includes informational sidebars throughout to give families the basics needed to pick up instruments and learn to more fully enjoy music as a family band. And in the back of the book, you'll find chord charts for guitar, ukele, and mandolin. More than just a collection of songs, Dan Zanes’ House Party! is part music book, part history lesson, and a work that all families can enjoy—together.

Still Me Jojo Moyes,2018-01-30 From the New York Times bestselling author of *The Giver of Stars*, discover the love story that captured over 20 million hearts in *Me Before You*, *After You*, and *Still Me*. Louisa Clark arrives in New York ready to start a new life, confident that she can embrace this new adventure and keep her relationship with Ambulance Sam alive across several thousand miles. She steps into the world of the superrich, working for Leonard Gopnik and his much younger second wife, Agnes. Lou is determined to get the most out of the experience and throws herself into her new job and New York life. As she begins to mix in New York high society, Lou meets Joshua Ryan, a man who brings with him a whisper of her past. Before long, Lou finds herself torn between Fifth Avenue where she works and the treasure-filled vintage clothing store where she actually feels at home. And when matters come to a head, she has to ask herself: Who is Louisa Clark? And how do you find the courage to follow your heart—wherever that may lead? Funny, romantic, and poignant, *Still Me* follows Lou as she discovers who she is and who she was always meant to be—and learns to live boldly in her brave new world.

The Virgin Way Richard Branson,2014-09-09 This is a book on leadership from someone who has never read a book on leadership in his life. While building the Virgin Group over the course of forty years, Richard Branson has never shied away from tackling seemingly outlandish challenges that others (including his own colleagues on many occasions) considered sheer lunacy. He has taken on giants like British Airways and won, and monsters like Coca-Cola and lost. Now Branson gives an inside look at his strikingly different, swashbuckling style of leadership. Learn how fun, family, passion, and the dying art of listening are key components to what his extended family of employees around the world has always dubbed (with a wink) the Virgin Way. This unique perspective comes from a man who dropped out of school at sixteen, suffers from dyslexia, and has never worked for anyone but himself. He may be famous for thinking outside the box—an expression he despises—but Branson asserts that you’ll never have to think outside the box if you refuse to let anyone build one around you.
