Leo Joanna Martine Woolfolk, 2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called This Is My Life. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about

you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

Sometimes they appear overly confident or arrogant. But Leo people are generous with both their fortunes and their affection. In this book, you will discover what happens to the imperious Leo when he or she is born in a Goat year. What is a Leo born Rat like? How does being born in a Dog year affect a Leo person's character? What is a Leo/Tiger like? And how does he or she get along with other New Astrology(TM) signs? Which ones are Leo/Goat, Leo/ Dog, Leo/Snake and/or Leo/Dragon or even Leo/Horse? Suzanne White's combined signs are uncannily accurate. Gift a friend with his or her individual SUN SIGN NEW ASTROLOGY BOOK and watch their eyebrows leap to the tip top of their forehead when they read what The New Astrology(TM) reveals about their most intimate, basic character.
