Mac OS X Panther Hacks Rael Dornfest,James Duncan Davidson,2004 Mac OS X is a wonderful combination of the power and flexibility of Unix with the ease of use that seems to come only from Apple. Between the tools baked right into the system, a veritable cornucopia of third-party applications, and a cottage industry of customizations, tweaks, and hacks, the Mac is a force to be reckoned with like never before. Mac OS X Panther Hacks celebrates the Macintosh's adventurous spirit, inviting the citizen engineer on a quest of deeper discovery -- both with the purpose of going further and simply enjoying the ride. Mac OS X Panther Hacks continues the tradition started with Mac OS X Hacks, sitting squarely at the peculiar confluence of deadly earnest optimization and creative (albeit sometimes wacky) tweaking you seem to find only on a Mac.

Baby Bones Donan Berg,2013-02 In Baby Bones, Author Donan Berg's latest, newly elected Sheriff Jonas McHugh dashes up the embankment to avoid contaminating the skeleton with his vomit. On the day the Silver County, Iowa, Auditor certified his special election victory, Jonas would've never envisioned, in all of his thirty-five years, the challenges--his K-9 partner eats poison; picket line violence strikes Jove Foods, a major employer; a Jove employee fishing discovers a skeleton with fetus remains; a booby-trap puts him on crutches; the coroner fears abortion vigilantism; and two women emerge as marital prospects for bachelor Jonas who lives with married sister. The fledging sheriff can't afford to alienate a close-knit county electorate and must battle office personalities and four influential townspeople. Events intertwine to present obstacles to his solving a multiple crime spree. Any failure will expose him as ineffective, and doom re-election chances. The twists and turns provide an exhilarating reader's page-turning ride, bumps included. More than a thriller, although it is that, Author Berg in his Third Skeleton Series Mystery adds compelling characters, any one of which could be your neighbor. He's the author of previous five-star rated full-length murder mystery novels with romantic subplots, all of which involved different skeletons: A Body To Bones, The Bones Dance Foxtrot, and Abbey Burning Love.

Ancestor Trouble Maud Newton,2023-06-20 “Extraordinary and wide-ranging . . . a literary feat that simultaneously builds and excavates identity.”—The New York Times Book Review (Editors’ Choice) Roxane Gay’s Audacious Book Club Pick • Finalist for the National Book Critics Circle’s John Leonard Prize • An acclaimed writer goes searching for the truth about her complicated Southern family—and finds that our obsession with ancestors opens up new ways of seeing ourselves—in this “brilliant mix of personal memoir and cultural observation” (The Boston Globe). ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker, NPR, Time, Entertainment Weekly, The Washington Post, The Boston Globe, The Atlanta Journal-Constitution, Esquire, Garden & Gun Maud Newton’s ancestors have fascinated her since she was a girl. Her mother’s father was said to have married thirteen times. Her mother’s grandfather killed a man with a hay hook. Mental illness and religious fanaticism percolated Maud’s maternal lines back to an ancestor accused of being a witch in Puritan-era Massachusetts. Newton’s family inspired in her a desire to understand family patterns: what we are destined to replicate and what we can leave behind. She set out to research her genealogy—her grandfather’s marriages, the accused witch, her ancestors’ roles in slavery and other harms. Her journey took her into the realms of genetics, epigenetics, and debates over intergenerational trauma. She mulled over modernity’s dismissal of ancestors along with psychoanalytic and spiritual traditions that center them. Searching and inspiring, *Ancestor Trouble* is one writer’s attempt to use genealogy—a once-niche hobby that has grown into a multi-billion-dollar industry—to make peace with the secrets and contradictions of her family's past and face its reverberations in the present, and to argue for the transformational possibilities that reckoning with our ancestors offers all of us.

What begins as an impulsive trip soon becomes an odyssey as the women cross the country, gathering friends as they make their way to their childhood home of Pine Lake. There, they discover that Jenna's random act of kindness has rippled out into the world like a stone dropped into a pond, surging back to transform all their lives in ways they never expected.

State of Peril Lucy Valerie Graham,2015-07-30 Considering fiction from the colonial era to the present, *State of Peril* offers the first sustained, scholarly examination of rape narratives in the literature of a country that has extremely high levels of sexual violence. Lucy Graham demonstrates how, despite the fact that most incidents of rape in South Africa are not interracial, narratives of interracial rape have dominated the national imaginary. Seeking to understand this phenomenon, the study draws on Michel Foucault's ideas on sexuality and biopolitics, as well as Judith Butler's speculations on race and cultural melancholia. Historical analysis of the body politic provides the backdrop for careful, close readings of literature by Olive Schreiner, Sol Plaatje, Sarah Gertrude Millin, Njabulo Ndebele, J.M. Coetzee, Zoë Wicomb and others. Ultimately, *State of Peril* argues for ethically responsible interpretations that recognize high levels of sexual violence in South Africa while parsing the racialized inferences and assumptions implicit in literary representations of bodily violation.

The Archival Afterlives of Philippine Cinema Bliss Cua Lim,2024-01-05 Drawing on cultural policy, queer and feminist theory, materialist media studies, and postcolonial historiography, Bliss Cua Lim analyzes the crisis-ridden history of Philippine film archiving—a history of lost films, limited access, and collapsed archives. Rather than denigrate underfunded Philippine audiovisual archives in contrast to institutions in the global North, *The Archival Afterlives of Philippine Cinema* shows how archival practices of making do can inspire alternative theoretical and historical approaches to cinema. Lim examines formal state and corporate archives, analyzing restorations of the last nitrate film and a star-studded lesbian classic as well as archiving under the Marcos dictatorship. She also foregrounds informal archival efforts: a cinephilic video store specializing in vintage Tagalog classics; a microcuratorial initiative for experimental films; and guerilla screenings for rural Visayan audiences. Throughout, Lim centers the improvisational creativity of audiovisual archivists, collectors, advocates, and amateurs who embrace imperfect access in the face of inhospitable conditions.
