Zombie Rush 2 Joseph Harry Hansen,2016-02-14 Yesterday... the world changed. Most remember it as a Tuesday; others as a Thursday, but it didn't matter. Days became as meaningless as a fly in the swarm. The only thing that truly mattered was that you got to see one more day and a friend or family member could see it with you. Whether that was lucky or not depended upon the level of death the day delivered. The long awaited weekend and the looming dread of Monday morning disappeared into a distant memory. Much like the lives of so many who now marched to feed upon the living. One more day of life; one more day to try to set things right, one more day of grizzled gore and one more day to -try- for the three who cared. Three cops doing their best, find themselves surrounded by undead and insurmountable challenges while trying to ensure the survival of humanity. Fast zombies, slow zombies and a sociopath determined to thwart their goals. Zombies hell bent on feeding upon the flesh of the living as an evil mind lusts for terror. Thousands flock to their banner to fight, to survive to stand beside those who think, feel and breathe. Love comes easy when all else is lost, trust is a given when there is no one else as courage and cowardice walk hand in hand.

Plants vs. Zombies: Official Guide to Protecting Your Brains Simon Swatman,2016-04-12 Plants vs. Zombies: The Official Guide to Protecting Your Brains is a must for kids who love the video game Plants vs. Zombies. There are more than twenty-five types of zombies in the fantastical world of Plants vs. Zombies, and each has a special talent—from pole-vaulting to digging to teaming up with a zombie dolphin. Fortunately, a gamer armed with The Official Guide to Protecting Your Brains has all the tricks, knowledge, and strategy needed to plant a garden—perhaps with a few Fume-shrooms, Cherry Bombs, and Potato Mines—that will defeat each member of the fun-loving, brain-eating mob. The zombies won't have a chance!

Zombie Rush 3 Joseph Hansen,2016-02-14 Normal was still less than a week in the past; those who still fought felt as though it was much, much more. The quest for resources has begun as does the hunt for the Good Doctor who plans his greatest feat. The majority of the living left to bear witness of his macabre utopia as a new predator takes up his trail. Survivors flee the capital city of Little Rock drawing a horde of a magnitude never imagined. They flowed like a river with nothing but two Hot Springs cops to lead the willing against unsurmountable odds. Brawn and steel blended into creative intellect would have to be enough against a quarter million marching dead Remnants and stragglers of humanity Trickle into the compound that had come to mean so much to the existence of humanity. The visions of high straight stone walls were a myth replaced with the reality of hollow box cars and stacked with empty shipping containers as their only protection. A virtual oasis to those newly arrived. It was a place for a peaceful meal or a hot shower, a place where they had doctors and a hospital that wasn't infested with eaters of the living. This was it, the entirety of civilization hiding behind the clutter of a capitalized world in its final throes of death. Left alone to fight those that cannot be killed. For you cannot kill -that- which is already dead. The White departed, Red rules the day... Black awaits its time.

Zombie Rush 4 Joseph Hansen,2018-11-03 Life is not what it used to be. The goodwill of a stranger is a godsend that must be questioned as a necessary risk. Trust and safety, once taken for granted, are now the barest necessity for survival...Lisa and Krupp had accomplished their mission to stop the horde, but at what cost? Little Rock's booty was still the objective as multiple truck and tractors headed down the road toward their dangerous goal. The survival of all is at stake as they come up against gangs and stubborn homeowners in their quest for resources...Trying not to let hate and loathing cloud his senses, a rogue hunts down an psychopathic villain through the lifeless streets of downtown Hot Springs. Where did he hide and protect his special things? Was there even a need to know? Curiosity stays his hand as he hunts... Dawn of Zombie Haiku Ryan Mecum,2011-09-14 More Brains... Some race. Some lurch. Others come crawling, limping, staggering—dragging themselves toward anyone who might still have a pulse. Zombies invade the island of Manhattan, and they are hungry. The story of the zombie apocalypse is told through the eyes of Dawn, a ten-year-old girl who has been well-schooled in the undead because of her father's love of zombie movies. As the zombies approach, Dawn and her dad realize the time has come to implement their Zombie Escape Plan, so they gather friends and escape to the Statue of Liberty. Only... the plan doesn't go quite as expected. Dawn documents their downfall in her haiku journal, where the limb-snapping, eye-popping, bone-crunching zombies eventually make her one of their own.
