Zombie Apocalypse Preparation David Houchins, Scot Thomas,2016-04-12 We guarantee this is the only tool you need to survive the zombie apocalypse. OK, that's not really true. But when the SHTF you're going to want a survival guide that's not just geared toward day-to-day survival. You'll need one that addresses the essential skills for true nourishment of the human spirit. Living through the end of the world isn't worth a damn unless you can enjoy yourself in any way you want. (Except, of course, for anything having to do with abuse. We could never condone such things. At least the publisher's lawyers say we can't.) We can't guarantee this guide will save your life. But we can guarantee it will keep you smiling while the living dead are chowing down on you.--Publisher's website.

Killing Zombies for Fun & Profit Leethal,2016-09-27 A warped little journey of sarcasm, economics, & profitable zombie hunting. While the eradication of Zombies may not be a realistic way to make a living (yet), certain sociological tidbits contained in the book may offer insight to the future of our economical status. I tell my friends, I'm not paranoid. I prepare for the worst, and pray for the best.

Zompoc Michael G. Thomas, Nick S. Thomas,2010-03 How do you fight a zombie if you are armed with only a shovel and are being pursued down a street? How can you raise a body of like minded individuals to defend your territory or to expand during the Zompoc? What is the Zompoc and what is a zombie? This book was written to answer these questions and much more. Many books recommend particular weapon types but they are always described by those with no experience of these items. As well as providing information we think is important we also offer more specific advice and guidance based upon the many questions we received from the readers of our first book. In Zompoc: How to Survive a Zombie Apocalypse (HTSAZA) we covered all the key areas that would be of concern with regards to survival, basic combat and overall strategies for the apocalypse. Some of the most popular parts of the book were the sections on long term survival and on the specifics of weapons and tactics when fighting zombies. It was with these points in mind that we produced this new addition to the Zompoc library.

Zombology Brian Anse Patrick,2014 In films, television, books, games, pornography, and now even in firearms and ammunition being sold to the American public, zombies are one of the mainstays of the popular culture of our time. Far from being only a passing curiosity, Brian Patrick dissects the zombie, showing it as the articulation of deep-seated fears within the Western psyche, a symbol in fact for the growing dehumanization that many of us observe, or perhaps sense without fully realizing it, in modern civilization. Patrick connects the zombie phenomenon to previous historical occurrences, drawing on both religion and psychology to show how such symbolic tropes that lodge in the collective unconscious of a culture are reflective of the psychological needs of large numbers of people in times of crisis. Patrick likewise shows how zombiedom has manifested particularly in American gun culture, and how this relates to the growth of a large-scale citizens' activist movement in favor of gun rights. Also included are practical tips on how to stay out of the clutches of zombiedom. Zombology is more than just a book about zombies, however. The zombie, for Patrick, is a peculiarly Western phenomenon, and as such, he examines how it can be seen as a manifestation of not-so-abstract forces battling for the future of our civilization: will collectivization or the individual, dream or reality win out? Patrick offers his own diagnosis. At the very least the zombie adds some much-needed psychic contrast to the cold, to the grey and to the unending. It also provides a face, albeit necrotic, to the seemingly impersonal sociological forces that undermine the West; for in a near-perfect correspondence with the zombie, the West itself appears to be necrotic in a galloping way. Both need brains to ease the pain.-p. 48

Release Spencer McAllister,2011-02-02 Disarray, chaos, violence survival: several choice words that encapsulate the possibility of an apocalypse. Like many other theoretical scenarios, certain actions and steps are needed in order to weave through the destruction. One family takes it upon themselves to outlive as long as possible. Finding a cure would be a grand notion, but when ones life is hanging in the balance, survival outweighs most ideals. It is mans most basic of instincts- to make it to the next day, free of harm. Release revolves around the concept of not writing an epic drama. The only fighting that should be happening should be directed towards the true threat. Real issues like maintaining weapons and avoiding/ treating injury are far more meaningful. In the end, your foe doesn't care about your feelings, your wants, or desires. They seek the one thing you can only give once Fast pace action, realistic adaption, and a down-to-earth setting lies within the story of Release- the tale of a man and his family navigating the ruin that was once their home.

When those things came back to life, the governments said they were going to eradicate the undead, the zombies, zekes, ferals, walkers or whatever those damned things are being called these days, but instead the governments the world over just collapsed.
