Blocks are flickering unexpectedly and randomly disappearing. To make matters worse, villagers are claiming that their entire villages have mysteriously vanished, and they desperately need Gameknight999's help. So Gameknight999 and his friends travel deep underground, facing some of the largest monster armies ever assembled as they search for a way to avoid the end of Minecraft as they know it. But his enemies have hatched their most diabolical plan yet, and Gameknight will have to risk everything to save his friends. But to send him back, they must find the time-traveling portal that brought Weaver to the future. And only Entity303 knows the location. They have no choice; Gameknight999 and his friends must follow behind, landing on a strange and barren lunar landscape, a world stranger and more alien (in more ways than one) than any other Minecraft mod. It's here that they must battle outer space mobs, combat monster bosses, and find Entity303. But as they close in on the terrible user, Gameknight999 will discover Entity303's real scheme, and the very thought of what the evil user plans will fill everyone with terror. Can the User-that-is-not-a-user catch Entity303 as he travels through the cold reaches of universe, before it's too late?
