🔍 **THE BOOK OF FORMATION**ROSS SIMONINI,2017 This debut novel--told in interviews--spans 20 years in the rise and fall of the charismatic leader of a seductive self-help movement. In the 1990s, a talk show host leads the personality movement, an integrative approach to radical self-transformation. Mayah, the movement's architect and celebrity advocate, adopts a curious, wild child named Masha Isle. A guinea-pig for the movement, and the key to its future, Isle is the subject of the eight interviews that comprise this book. As the interviewer's objectivity disintegrates--even as the movement's legitimacy becomes increasingly suspect--he becomes obsessed with Masha. And all of that is thrown into question when tragedy strikes. The stunning debut of a new literary talent, and a fascinating take on the cult of personality: about celebrities need to destroy and recreate themselves to stay relevant, public personalities coming to belong to everyone, and about our need to see everyone as a kind of celebrity.

Today's children live in a culturally diverse and constantly changing digital world. New digital media is created every day but librarians and other educators need help in evaluating cultural content in digital apps, determining whether they send appropriate social messages to children, and learning how to use them in library programs that promote cultural competence. Diversity Programming for Digital Youth: Promoting Cultural Competence in the Children's Library provides just the help that is needed. This resource is the only one to examine the role of culturally diverse digital media and how it can be used with children's books to promote cultural competence in the library. It provides annotated lists of digital media paired with culturally diverse literature to offer librarians and educators a springboard for creating enriching, engaging, and culturally relevant programs for children from diverse backgrounds. The sample digital storytime programs celebrating diverse cultures will benefit busy librarians looking for ways to engage reluctant readers in library storytimes.
