FORCED ATTACK OR OUTFLANKING TACTICS? XIBING ZHU,2017-07-17 The book systematically studies the phenomena of family childbearing behaviors breaching the One-child Policy in detail, which has lasted for a
long time in China since the beginning of 1980s. By describing and analyzing the generation, scale, cause, process and consequences of the One-child Policy, the author panoramically shows the survival of noncompliant
families in China and reveals how the super-large Chinese population succeed in practicing the transcendent behavior that violates the Family Planning Policy without convincing any authorities of the Policy. In short, the
book deals with how the people are overbearing and what it reflects in current Chinese politics and society.
