This book shows how to take an active role in guiding children's dreams to help grow their confidence and improve their coping skills for real-life difficulties. Contributors from across various fields provide simple techniques to help children utilize dreamwork as a conduit for creative discovery and empowerment. Each chapter includes case studies and methods for working in practical ways with children, explaining what may trigger nightmares for children and how monster dreams can be guided to become superhero dreams. Essays encompass a spectrum of children's dreams with experts discussing dreams of trauma, dreams as a reflection of emotional and physical development, dreaming in the community, spiritual or religious dreams, lucid dreams, dreams during wartime, and dreams of death, among others. Art Monsters Lauren Elkin,2023-11-14 Destined to become a new classic . . . Elkin shatters the truisms that have evolved around feminist thought." —Chris Kraus, author of *I Love Dick* and *After Kathy Acker: A Literary Biography* One of Lit Hub's most anticipated books of 2023 What kind of art does a monster make? And what if monster is a verb? Noun or a verb, the idea is a dare: to overwhelm limits, to invent our own definitions of beauty. In this dazzlingly original reassessment of women's stories, bodies, and art, Lauren Elkin—the celebrated author of *Flâneuse*—explores the ways in which feminist artists have taken up the challenge of their work and how they not only react against the patriarchy but redefine their own aesthetic aims. How do we tell the truth about our experiences as bodies? What is the language, what are the materials, that we need to transcribe them? And what are the unique questions facing those engaged with female bodies, queer bodies, sick bodies, racialized bodies? Encompassing with a rich genealogy of work across the literary and artistic landscape, Elkin makes daring links between disparate points of reference— among them Julia Margaret Cameron's photography, Kara Walker's silhouettes, Vanessa Bell's portraits, Eva Hesse's rope sculptures, Carolee Schneemann's body art, Theresa Hak Kyung Cha's trilingual masterpiece *DICTEE*—and steps into the tradition of cultural criticism established by Susan Sontag, Hélène Cixous, and Maggie Nelson. An erudite, potent examination of beauty and excess, sentiment and touch, the personal and the political, the ambiguous and the opaque, *Art Monsters* is a radical intervention that forces us to consider how the idea of the art monster might transform the way we imagine—and enact—our lives.
