Entangled K. Elliott, 2003 Unprotected Sex, Murder, Disloyalty and Payoffs are all included in this street-life thriller. Entangled is a Love Story between a major drug trafficker and a history teacher. The subplots includes a black DEA agent with divided loyalty. He wants to do his job and rid the streets of drugs but on the other hand he knows that the system is corrupt and it targets minorities. This story has all the elements of a major motion picture.

Divining Slavery and Freedom João José Reis, 2015-04-20 Since its original publication in Portuguese in 2008, this first English translation of Divining Slavery has been extensively revised and updated, complete with new primary sources and a new bibliography. It tells the story of Domingos Sodré, an African-born priest who was enslaved in Bahia, Brazil in the nineteenth century. After obtaining his freedom, Sodré became a slave owner himself, and in 1862 was arrested on suspicion of receiving stolen goods from slaves in exchange for supposed 'witchcraft'. Using this incident as a catalyst, the book discusses African religion and its place in a slave society, analyzing its double role as a refuge for blacks as well as a bridge between classes and ethnic groups (such as whites who attended African rituals and sought help from African diviners and medicine men). Ultimately, Divining Slavery explores the fluidity and relativity of conditions such as slavery and freedom, African and local religions, personal and collective experience and identities in the lives of Africans in the Brazilian diaspora.

Up Pops the Devil Lacha M. Scott, 2015-12-01 Newlywed Serena Jackson has finally married the man of her dreams. Life is great, broken relationships are on the mend, and serving in ministry is better than ever before. Serena believes that even greater things are on the horizon for her, until her life makes a detour down an unexpected road. Her dream of having the perfect life with what God has blessed her with soon becomes a blur. Everything Serena holds dear to her heart is being snatched away from her. Silenced by her pain and betrayed by the love of her life, Serena's own life-altering decisions will rock her family to the core. She questions whether the God she's served most of her life is really for her. Was everything she worked for all in vain?

Speak of the Devil Lacha M. Scott, 2015-01-01 Serena Sampson has traveled the world with the gift of prophetic healing, deliverance, and the sword of the Spirit in her hands. She claims victory when she is used by God to set women free from all types of bondage. The world reveres her as a powerhouse of a preacher and a woman of God whose faith is on fire. Women flock to conferences whenever she is in their city. Serena has been molded and shaped for ministry of such magnitude in her mother's church; however, they seem to be two totally different vessels that God uses to reach His people. Desiring to go to the next level in her ministry, Serena feels that she needs no one. She casts aside relationships that require time and effort, preferring to focus on the thousands of strangers she feels need her. Ministry becomes her life, but when she is blindsided by trials and tribulations of her own, she will need to learn hard lessons about forgiveness and family.

A World Without Police Geo Maher, 2022-11-08 If police are the problem, what's the solution? Tens of millions of people poured onto the streets for Black Lives Matter, bringing with them a wholly new idea of public safety, common security, and the delivery of justice, communicating that vision in

the fiery vernacular of riot, rebellion, and protest. A World Without Police transcribes these new ideas—written in slogans and chants, over occupied bridges and hastily assembled barricades—into a compelling, must-read manifesto for police abolition. Compellingly argued and lyrically charged, A World Without Police offers concrete strategies for confronting and breaking police power, as a first step toward building community alternatives that make the police obsolete. Surveying the post-protest landscape in Minneapolis, Philadelphia, Chicago, and Oakland, as well as the people who have experimented with policing alternatives at a mass scale in Latin America, Maher details the institutions we can count on to deliver security without the disorganizing interventions of cops: neighborhood response networks, community-based restorative justice practices, democratically organized self-defense projects, and well-resourced social services. A World Without Police argues that abolition is not a distant dream or an unreachable horizon but an attainable reality. In communities around the world, we are beginning to glimpse a real, lasting justice in which we keep us safe.
