Pool and Billiards For Dummies Nicholas Leider, 2010-02-12 Practical, step-by-step tips for players of all levels From Snooker to Carom to good-old-fashioned 8- or 9-Ball, Pool & Billiards For Dummies reveals the tips, tricks, and rules of play, covering the variety of the ever-popular games that make up pool and billiards. This hands-on guide discusses everything from the rules and strategies of the games to how to set up a pool room to choosing the right equipment, and is accompanied by dozens of photos and line drawings. See how hard to hit the cue ball and where to hit it, the angle to hold the cue stick and how much chalk to use, how to use a bridge, and how to put spin on the ball Includes advanced pool techniques and trick shots for the seasoned pool sharp With Pool & Billiards For Dummies, even a novice can play like a champion!

Basic Defense and Safety Fundamentals for Pool and Pocket Billiards Allan P. Sand, 2012-04 There are two classes of pool players in the world. The serious shooter is dedicated to finding ways to gain better control how the cue ball rolls around the table. Most players enjoy pool because, well – it's fun! This book is written for you guys. This is an introduction to the idea that defensive shooting is just as important as offensive shooting. Here is something to remember: there are no rules that require you to play stupid shots. When you have a table layout with a shot that is too tough, you really do not have to figure out some crazy way that the object ball MIGHT (maybe) get to a designated pocket. How about this as a simple solution? DON'T try to make the shot. Instead, shoot something that prevents your opponent from winning the game. If you do this, your opponent has a difficult situation. You can let him invent silly reasons to miss. You come back to the table with a good chance to win (or get closer to a win). Let him play all offense all the time. You play a few safeties and let him give you the opportunity to win. When this book falls into your hands, there is stuff you can use immediately. Besides the tips, there are techniques, exercises, and a few tricks that help you win more games. Yes, you can even use these to beat better shooters. Consider this book to be the digest version of the Safety Toolbox. A couple of hours of study, combined with some practice table time, and you are suddenly a tougher shooter. Let your opponents use the bar-banger style of calling fantastic hero shots, such as, "5 ball, four rails, off the 7 and into the side pocket." This book will add some competitive maturity to your playing style. I don't need to wish you good luck. This book and some of your time is all you need to begin winning more games. And here's a useful benefit from the book – you don't have to outshoot your opponent. Simply prevent him from winning.

English as a Global Language David Crystal, 2012-03-29 Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language.

Coming Undone Terri White, 2020-07-02 'BREATHTAKING' Dolly Alderton, 'REMARKABLE' Marian Keyes, 'LIFE-CHANGING' Emma Jane Unsworth, 'COMPELLING' Amy Liptrot, 'EXTRAORDINARY' Sali Hughes To everyone else, Terri White appeared to be living the dream – living in New York City, with a top job editing a major magazine. In reality, she was struggling with the trauma of an abusive childhood and rapidly skidding towards a mental health crisis that would land her in a psychiatric ward. *Coming Undone* is Terri's story of her unravelling, and her precarious journey back from a life in pieces.

Less Than Zero Bret Easton Ellis, 2010-06-09 NEW YORK TIMES BESTSELLER • The timeless classic from the acclaimed author of *American Psycho* about the lost generation of 1980s Los Angeles who experienced sex, drugs, and disaffection at too early an age. • The basis for the cult-classic film *Possession* an unnerving air of documentary reality. –The New York Times They live in a world shaped by casual nihilism, passivity, and too much money in a place devoid of feeling or hope. When Clay comes home for Christmas vacation from his Eastern college, he re-enters a landscape of limitless privilege and absolute moral entropy, where everyone drives Porsches, dines at Spago, and snorts mountains of cocaine. He tries to renew feelings for his girlfriend, Blair, and for his best friend from high school, Julian, who is careering into hustling and heroin. Clay's holiday turns into a dizzying spiral of desperation that takes him through the relentless parties in glitzy mansions, seedy bars, and underground rock clubs and also into the seamy world of L.A. after dark. Lateral Cooking Niki Segnit, 2019-11-05 A groundbreaking handbook--the method companion to its critically acclaimed predecessor, *The Flavor Thesaurus*--with a foreword by Yotam Ottolenghi. Niki Segnit used to follow recipes to the letter, even when she'd made a dish a dozen times. But as she tested the combinations that informed *The Flavor Thesaurus*, she detected the basic rubrics that underpinned most recipes. *Lateral Cooking* offers these

formulas, which, once readers are familiar with them, will prove infinitely adaptable. The book is divided into twelve chapters, each covering a basic culinary category, such as Bread, Stock, Soup & Stew, or Sauce. The recipes in each chapter are arranged on a continuum, passing from one to another with just a tweak or two to the method or ingredients. Once you've got the hang of flatbreads, for instance, then its neighboring dishes (crackers, soda bread, scones) will involve the easiest and most intuitive adjustments. The result is greater creativity in the kitchen: Lateral Cooking encourages improvisation, resourcefulness, and, ultimately, the knowledge and confidence to cook by heart. Lateral Cooking is a practical book, but, like The Flavor Thesaurus, it's also a highly enjoyable read, drawing widely on culinary science, history, ideas from professional kitchens, observations by renowned food writers, and Segnit's personal recollections. Entertaining, opinionated, and inspirational, with a handsome three-color design, Lateral Cooking will have you torn between donning your apron and settling back in a comfortable chair.
