**A History of the Philolexian Society of Columbia University from 1802-1902** Ernest Abraham Cardozo,1902

*Bradshaw's Handbook* George Bradshaw,2012-06-20 Collector's item, landmark in the history of the tour guide, snapshot of Britain in the 1860s – Bradshaw's Handbook deserves a place on the bookshelf of any traveller, railway enthusiast, historian or anglophile. Produced as the British railway network was reaching its zenith, and as tourism by rail became a serious pastime for the better off, it was the first national tourist guide specifically organized around railway journeys, and to this day offers a glimpse through the carriage window at a Britain long past. This is a facsimile of the actual book – often referred to as 'Bradshaw's Guide' – that inspired the 'Great British Railway Journeys' television series, possibly the only surviving example of the 1863 edition. It is an exact copy with a removable belly-band.

**Gender Differences and the Making of Liturgical History** Professor Teresa Berger,2013-06-28 Mapping uncharted territory in the study of liturgy's past, this book offers a history to contemporary questions around gender and liturgical life. Teresa Berger looks at liturgy's past through the lens of gender history, understood as attending not only to the historically prominent binary of men and women but to all gender identities, including inter-sexed persons, ascetic virgins, eunuchs, and priestly men. Demonstrating what a gender-attentive inquiry is able to achieve, Berger explores both traditional fundamentals such as liturgical space and eucharistic practice and also new ways of studying the past, for example by asking about the developing link between liturgical presiding and priestly masculinity. Drawing on historical case studies and focusing particularly on the early centuries of Christian worship, this book ultimately aims at the present by lifting a veil on liturgy's past to allow for a richly diverse notion of gender differences as these continue to shape liturgical life.
