The One Week Marketing Plan Mark Satterfield,2014-08-26

We're told marketing is hard. That it requires months of analysis, weeks of brainstorming, and years of consistent implementation. To succeed in marketing, you need the fortitude of General Patton, the genius of Don Draper, and the cash reserves of Warren Buffet. WRONG. One week. That's all it takes for most small and medium-sized businesses to dramatically improve their marketing. And let's face it, most business owners do very little marketing, and what they do is not particularly effective. Business owners often don't know how to best market their company, or are too busy working to make time to promote it. What they don't realize is that effective marketing doesn't have to be complicated or time-consuming. Mark Satterfield's *The One-Week Marketing Plan* lays out a step-by-step system entrepreneurs can put in place in just five business days. This "set it and forget it strategy works all day, every day to bring in new business. Tailored to each company's niche market, this innovative plan can generate a consistent stream of customers for an out-of-pocket expense of as little as \$300. Satterfield, founder and CEO of Gentle Rain Marketing, Inc., has more than two decades of experience helping clients in more than 75 niche industries grow their businesses without cold calling or hard selling. Now, in *The One-Week Marketing Plan*, his strategies and wisdom are accessible and realistic for entrepreneurs, self-employed professionals, and business owners looking to move in a new direction. One week. That's all it takes. So let's get started.

The Advertising Handbook Sean Brierley,2005-08-04 *The Advertising Handbook* is a critical introduction to the practices and perspectives of the advertising industry. Sean Brierley explores the structures of the profession and examines the roles of all those involved in advertising including businesses, agencies,

consultancies and media owners. The Advertising Handbook traces the development of advertising and examines the changes that have taken place from its formative years through to today's period of rapid change: the impact of new media, the rise of the ad agency, industry mergers, the Internet and digital technologies, and the influence of the regulatory environment. The Advertising Handbook offers a theoretical understanding of the industry and it challenges many assumptions about advertising's power and authority. Thoroughly revised and updated, it examines why companies and organisations advertise, how they research markets, where and when they advertise, the principles and techniques of persuasion and how companies measure performance. The Advertising Handbook includes: Illustrations from a range of high-profile campaigns including Budweiser, Barnardo's, Benetton and Club 18-30 New and detailed 'workshop' exercises accompanying each chapter Case studies and profiles of ad agencies and key media players A revised and up-to-date glossary of key terms A guide to useful web and online resources

Marketing In A Week Eric Davies, 2012-07-20 Great marketing just got easier Marketing is about the relationship between an organization and its marketplace, and in particular its customers and potential customers. Customers are the lifeblood of a business; without customers a business has no future. In order to succeed and make a profit, a business must therefore aim to identify and satisfy the needs of its customers. The purpose of marketing is to help the business achieve these aims. In this book you will learn, in a week, about the nature and techniques of successful marketing and how it can improve business performance. Today's business world is highly competitive and changing fast, and marketing, as a body of knowledge and best practice, must respond to these changes. However, there is one fundamental fact about marketing that remains constant: it is that, to become successful and remain successful, an organization must be better at meeting customers' needs than the competition. Each of the seven chapters in *Marketing In A Week* covers a different aspect: - Sunday: What is marketing? - Monday: Marketing and the customer - Tuesday: Marketing information and marketing research - Wednesday: Strategic marketing - Thursday: The marketing mix - product and price - Friday: The marketing mix - place - Saturday: The marketing mix - promotion
