**The Ecology of Nations** John M. Owen, 2023-09-26 How democracies compete with autocracies to bias international order in their favor--and why democracies are losing It is well known, and much discussed, that liberal democracy is in trouble worldwide. Much of this discussion focuses on conditions within individual countries: their inequalities of wealth, political polarization, media environments, and dominant ideologies. In this book, John M. Owen IV sees the failures of democracy as failures of ecosystem engineering. Like beavers, nesting ants, or (most intensely of all) humans, nations actively reshape their environments to make them more favorable for their own species--this, for Owen, is the true meaning of Woodrow Wilson's phrase to make the world safe for democracy. However, liberalism has evolved in ways that are no longer conducive to its own survival; meanwhile, autocratic governments in Russia and China are actively reshaping the international environment to favor autocracy. Owen argues that the way to ensure democracy's survival in the United States is to reimagine liberalism--to view it as less about disruption and perpetual openness and more about commitment, community, and country. Liberalism must reject the great delusion that it can defeat autocracies everywhere and convert them into liberal democracies, yet also counter moves by China and Russia to make the world safe for autocracy.

*Subaltern Morality: a Postmodern Vision* Ramesh Chandra Sinha, 2017-03-21 The expression Subaltern had been used by Italian Marxist Antonio Gramsci in his celebrated notes on PRISON DIARY but it is interpreted in a different way in this book. The concept includes caste, color, gender and class. It is not economic category but a cultural one. It is different from Marxist interpretation of the term Proletariat. Marxist Morality is class bound: Subaltern morality is not class bound. An attempt to deconstruct the age old Egalitarian Morality, the author proposes morality of those who are besides the circle and suggests a postmodern vision to understand subaltern morality. Offering challenging insights into conception of Global justice, the author subscribes to Aristotelian contention of distributive justice where equals are treated equally and unequal are treated unequally.

*A Job to Rule the World* Akhil Gupta, 2017-09-24 I can feel this change like I never felt. I was somewhere at the top of the mountain, standing on the rough surface in the midnight. The breeze stream was high, even In the hush I can hear the breeze clearing around. I never observed those wonderful flickering pixie lights in the night sky. What happened to me? I verbally expressed. I was probing for somebody who can answer my question. But I was in solitude there also I was too far from the city. Indeed, even I don't know which place it was. I was just feeling to stay there forever in the moonlight, that was the main source to glance around. I think this feel like a dream to you. Isn't it? Suddenly I aurally perceived a vigorous voice at my back. I expeditiously turned around Who's here? I said. I was feared as I just heard a voice and didn't see anybody and I was all alone in there. In a

minute I saw someone showed up out of the darkness. I couldn't see his face clearly as it was dazzling. His sudden appearance was surprising and this influenced me to think as He is the God.

*THE VICTORY OF FAITH* NARENDER SEHGAL,2009-06-01 The success achieved by the movement of Shri AmarnathYatra Sangarsha Samiti for protecting the Hindu identity and national self-respect is the triumph of Hindutva and the like-minded nationalist forces over pro-Pakistan anti-national and secessionist groups. *Ramesh Chandra Agarwal (English)* Bharathi S Pradhan, The building of the no. 1 newspaper empire in India was like an architect ground plan – Ramesh Chandra Agarwal laid the foundation edition by edition, city by city, state by state, going into the den of the mightiest and slaying them

without fear. That quality of never cowering was an inheritance from his father. Ramesh Chandra blended it with an unparalleled taste for risk-taking and a thirst for venturing into the unknown, throwing this molotov cocktail at his rivals who stood mocking the new entrants before it hit them. In 35 short years, he turned a modest family-owned newspaper into the prime choice of readers in 12 states with 64 editions, and built an empire with a turnover of Rs 5, 000 crore. But Ramesh Chandra Agarwal's biggest professional achievement was to revolutionise the Hindi newspaper. Replacing the pure, undistilled Hindi of the discerning litterateur with popular, colloquial words that made an easy connect, he gave the Hindi newspaper a hitherto unknown respect – to heave its chest and play the game like a champion. This is a champion's story.
