An Introduction to Neurotransmission in Health and Disease Peter Riederer, Peter Rieder, Nicolas Kopp, John Pearson, 1990 This volume provides an in-depth exploration of the neuroanatomical, neurochemical, and neurophysiological aspects of clinical disease syndromes. It will be of value to neuroscientists wanting to measure the importance of their work in the interpretation of the disease process, to clinicians seeking a greater understanding of the rationale for the measures they employ, and to pharmaceutical researchers needing information on drugs used in neurology, neurosurgery, and psychiatry. How to Negotiate a Killer Job Offer Robin F Bond Esq,Robin F. Bond,2013-05
If you want to learn the job offer negotiation secrets that top executives know and use to power your own career and financial future forward, then this is the book for you. Robin Bond is an employment attorney who represents executives in negotiating employment and severance deals. She has seen what works in the real world - and what doesn't. Robin's new book, How to

Negotiate a Killer Job Offer, is the timely response we've all been waiting for to the conversation around Lean In: Women, Work, and the Will to Lead, the book by Sheryl Sandberg, COO of Facebook. Based upon the thousands of clients who have learned how to negotiate a job offer using her proactive negotiation process, Attorney Bond has distilled her negotiating secrets into a short, nuts-and-bolts, how-to employment guide that helps employees level the playing field in job offer negotiation. Robin helps answer the questions about how you get the pay you deserve, how you own the power you have and how you leverage it to get what you want in salary negotiations. Bond's strategies for negotiating success can be successfully applied to any situation. For example, readers can and will apply her WIIFM Factors (what's in it for me) in any kind of interpersonal or commercial interaction. Everything in the book is based upon what has in fact worked in the real world. Robin has created sample negotiation scripts and letters to hiring managers that you won't find elsewhere. She shows you how to build rapport when you negotiate and showcase your executive potential. She has special materials dedicated to the unique and often secretive world of long-term incentives. These are designed to help you learn how to analyze a job offer, make an apples-to-apples comparison between offers, get more money in a deal, and even tackle the tough issues of securing stock options, long-term incentives and severance pay promises in your job offers. How to Negotiate a Killer Job Offer helps you powerfully prepare for job offer negotiations,

access the job search strategy secrets used by senior-level executives in the real world, take action to maximize your chances for making the final terms of the job offer the best ones for you, and successfully implement the right negotiation tactics that increase your chances of completing the mission: career success. (Book Foreword by Mark Cuban, media entrepreneur, owner of the Dallas Mavericks and Shark on ABC's Shark Tank.)
