THE ESCAPADES OF ALINA JAMES Rini Bhatia, 2018-01-13 Rini Bhatia is a passionate writer who loves to pen down her wild imagination. She was not into reading that much until she read books by great authors like, Sir Arthur Conan Doyle and Agatha Christie. Her desire to read books by such authors in particular made her realize that she only liked one genre of books - mystery. Her first book 'THE ESCAPADES OF ALINA JAMES', written by her at the age of thirteen, is a result of her burning passion to write short stories based on crimes and mysteries. Her writing style is simple, yet so gripping that it is difficult to put the book down.

My Grandmother's Braid Alina Bronsky, 2021-01-19 The acclaimed author of *The Hottest Dishes of the Tartar Cuisine* "explores the peculiarities of familial relations to tremendous result" (Asymptote). A Lit Hub Most Anticipated Book of 2021 Max lives with his grandparents in a residential home for refugees in Germany. When his grandmother—a terrifying, stubborn matriarch and a former Russian prima donna—moved them from the Motherland it was in search of a better life. But she is not at all pleased with how things are run in Germany: the doctors and teachers are incompetent, the food is toxic, and the Germans are generally untrustworthy. His grandmother has been telling Max that he is an inept, clueless weakling since he was a child and she'd spend the day sitting in the back of his classroom to be sure he came to no harm.

While he may be a dolt in his grandmother's eyes, Max is bright enough to notice that his stoic and taciturn grandfather has fallen hopelessly in love with their neighbor, Nina. When a child is born to Nina that is the spitting image of Max's grandfather, things come to a hilarious if dramatic head. Everybody will have to learn to defend themselves from Max's all-powerful grandmother. Alina Bronsky, author of *The Hottest Dishes of the Tartar Cuisine*, writes of family dysfunction and machinations with a droll and biting humor, a tremendous ear for dialog, and a generous heart that is forgiving of human weakness. "[A] comic feel-bad novel. Bronsky has a Dickensian flair for writing about miserable children—or, rather, the miseries of childhood." –Vulture

The Wolves of the Past Nataşa Alina Culea, 2020-04-30 Nataşa Alina Culea created the most individualized characters in contemporary Romanian literature; her creation rise from elegies and dramas, blooming into a book-poem dedicated to love. The wolves of the past impresses through its touches of reality fresco. More than a love novel, *The Wolves of the Past* can be considered a psychological novel, which manages to highlight like no other the interpersonal relationships nowadays.

"Russian Bride": Lost in Detroit (Russian Edition) Alina Ziegler, 2015-11-27

It is 2009 and the global financial crisis has taken a firm grip. In Germany, Nadya Orlova is preparing to graduate from university and begin the next chapter in her life. Competition for jobs is fierce. However, an internship opportunity in Detroit, USA, could give Nadya the competitive advantage she needs in such a jobs market. Detroit, once one of the richest industrial centres in North America and home to a booming automotive industry, is now a city in decline. Where once the American dream was alive and well, there now exists crime and broken infrastructure. Ghost City, the name now sometimes used to describe Detroit, will give Nadya an insight into the other side of American capitalism: thousands of abandoned and empty houses, skyscrapers, shopping malls and factories falling into ruin. Life in Detroit for Nadya is full of ups and downs. Through the eyes of a young Eastern European woman, she can see both the positives and the negatives of American society in the early 21st century. Russian brides, a term sometimes used in America to describe female migrants from Eastern Europe, doesn't accurately describe the journey of young women from Eastern Europe who are in transition from life in former Soviet countries to a new life in the West. Alina Ziegler devotes this book to all of those women who have decided to leave home in search of a new life in the West. And to all of those who still dream about moving abroad in search of love, happiness and opportunities.

My Mother's Secret Alina Adams, 2022-11-15

Let Me Know If You Still... Alina Kryvenets, 2018-12-09 Hi, I'm Alice. I am

28 and I got involved in a game in which no woman had become the winner before me. I ran far away from my home. Alone. I ran into the unknown and loneliness. Why did I run away? - You will ask. It was one of the hottest May day. I remember how it became unbearably stuffy for me. Just one call turned my soul out. And I ran without any explanations and farewell words. Something happened in what I still don't believe. In this book my soul and you will have access to learn about my life. I have hidden this story even from myself for a long time. I live in sunny Italy now. Beautiful country and cheerful people. In the morning - delicious Italian coffee, cinnamon bun and shiver through the body just because of the thought of how much I still love You. This is where my new life began. People say that we can love only once in our life. And I will not agree. How do you think is it possible that love came twice, thrice ...? I still love You.

My Grandmother's Braid Alina Bronsky, 2021-01-19 From the acclaimed author of THE HOTTEST DISHES OF THE TARTAR CUISINE -- a cruel comic romp ends as a surprisingly winning story of hardship and resilience (The New Yorker). Max lives with his grandparents in a residential home for refugees in Germany. When his grandmother--a terrifying, stubborn matriarch and a former Russian prima donna--moved them from the Motherland it was in search of a better life. But she is not at all pleased with how things are run in Germany; the doctors and teachers are incompetent, the food is toxic, the German are generally untrustworthy. His grandmother has been telling Max that he is an

incompeotnet, clueless weakling since he was a child and she'd spend the day sitting in the back of his classroom to be sure he came to no harm. While he may be a dolt in his grandmother's eyes, Max is bright enough to notice that his stoic and taciturn grandfather has fallen hopelessly in love with their neighbor, Nina. When a child is born to Nina that is the spitting image of Max's grandfather, things come to a hilarious if dramatic head. Everybody will have to learn to defend themselves from Max's all-powerful grandmother. Alina Bronsky writes of family dysfunction and machinations with a droll, biting humor, a tremendous ear for dialog, and a generous heart that is forgiving of human weakness. While Max's grandmother recalls the outrageously nasty Rosa from Bronsky's best-selling book, *The Hottest Dishes of the Tartar Cuisine*, this is a more tender and moving family portrait. Here the best-selling and internationally renowned author, while never abandoning her trademark and razor-sharp wit, tells a family story through a young boy's eyes. Max, over the course of the story, will appreciate that people's questionable behaviour may often be motivated by sadness.

The Making of Second Life Wagner James Au, 2009-10-13 The wholly virtual world known as Second Life has attracted more than a million active users, millions of dollars, and created its own—very real—economy. The Making of Second Life is the behind-the-scenes story of the Web 2.0 revolution's most improbable enterprise: the creation of a virtual 3-D world with its own industries, culture, and social systems. Now the toast of the Internet economy, and the subject of countless news articles, profiles, and television shows, Second Life is usually known for the wealth of real-world companies (Reuters, Pontiac, IBM) that have created virtual offices within it, and the number of users (avatars) who have become wealthy through their user-created content. What sets Second Life apart from other online worlds, and what has made it such a success (one million-plus monthly users and growing) is its simple user-centered philosophy. Instead of attempting to control the activities of those who enter it, the creators of Second Life turned them loose: users (also known as Residents) own the rights to the intellectual content they create in-world, and the in-world currency of Linden Dollars is freely exchangeable for U.S. currency. Residents have responded by generating millions of dollars of economic activity through their in-world designs and purchases—currently, the Second Life economy averages more than one million U.S. dollars in transactions every day, while dozens of real-world companies and projects have evolved and developed around content originated in Second

Life. Wagner James Au explores the long, implausible road behind that success, and looks at the road ahead, where many believe that user-created worlds like Second Life will become the Net's next generation and the fulcrum for a revolution in the way we shop, work, and interact. Au's story is narrated from both within the corporate offices of Linden Lab, Second Life's creator, and from within Second Life itself, revealing all the fascinating, outrageous, brilliant, and aggravating personalities who make Second Life a very real place—and an illuminating mirror on the real (physical) world. Au writes about the wars they fought (sometimes literally), the transformations they underwent, the empires of land and commerce they developed, and above all, the collaborative creativity that makes their society an imperfect utopia, better in some ways than the one beyond their computer screens.

Asia and China in the Global Era Adrian J. Bailey, Ricardo K. S. Mak, 2021-01-18 China's strong economic growth occurring alongside modernization across the great majority of Asian societies has created what many see as a transnational space through and by which not only economic, social and cultural resources, but also threats and crises flow over traditional political boundaries. The first section of the work lays out a clear conceptual framework. It draws on arguments about nation no longer being the only container of society, about trans-disciplinary thinking, and about knowledge being context-bound. It identifies and discusses distinctive features of China and Asia in the global era. These include population,

urbanization and climate change; the continuing reach of Orientalist shadows; cultural politics of knowledge. It closes by arguing how global studies adds value to existing accounts. The second, and longer, section applies this framework through a series of original empirical case-studies in three areas: migration/poverty/gender; culture/education; well-being. Both the conceptual framework and case-studies are drawn from research presented at HKBU since 2011 under the auspices of the Global Social Sciences Conference Series and supplemented by additional papers.

Uncertain Suffering Carolyn Rouse, 2009-08-03 On average, black Americans are sicker and die earlier than white Americans. *Uncertain Suffering* provides a richly nuanced examination of what this fact means for health care in the United States through the lens of sickle cell anemia, a disease that primarily affects blacks. In a wide ranging analysis that moves from individual patient cases to the compassionate yet distanced professionalism of health care specialists to the level of national policy, Carolyn Moxley Rouse uncovers the cultural assumptions that shape the quality and delivery of care for sickle cell patients. She reveals a clinical world fraught with uncertainties over how to treat black patients given resource limitations and ambivalence. Her book is a compelling look at the ways in which the politics of racism, attitudes toward pain and suffering, and the reliance on charity for healthcare services for the underclass can create disparities in the U.S. Instead of burdening hospitals and clinics with the task of ameliorating these disparities, Rouse argues that resources should be redirected to

community-based health programs that reduce daily forms of physical and mental suffering.

The Warhound and the World's Pain Michael Moorcock, 2014-12-22 This is the story of Ulrich von Bek, a cynical mercenary who sells his skills as a soldier in the wars taking place all over Europe. After the particularly horrific destruction of a city in which he played a role, von Bek decides to desert the military company he was working for and travel alone for awhile before seeking further employment. On his solo journey, he happens upon a castle where he takes refuge with - and then falls in love with - the keeper of the castle, the beautiful Sabrina. It is in this castle that he meets Lucifer, the master of Hell, and finds out that his soul is already destined for Hell. And so, in exchange for his soul, von Bek agrees to go on a quest for Lucifer, namely to find the Cure for the World's Pain. This quest is also known as the Search for the Holy Grail.
