**Why Are You Still Single?** Vince Guaglione,2020-03-08 I am so over dating.As singles, we may have heard this statement echoed many times within our immediate dating circles. Friends have stated it. Many in our social networks have stated it. Even we may have stated it at one time or another. Many singles have reached such a level of frustration with dating that it has caused them to throw up their hands in defeat. But are they honestly over dating?Not exactly.At one time or another, almost every member of the active singles community will have stated that yes, he or she is over dating. But the reality is that most are not. No matter how many times singles completely swear dating off, they continue to entertain the idea that the person of their dreams is out there, so they keep trying. But many are having trouble sifting through what the dating world serves up, and are continually bumping up against issues that prevent them from realizing their dreams, which is why, for most, dating has become exasperating. When posing the question, Why are you still single? to those who are active in the dating pool of the present day, you will likely hear replies such as: I'm too old.I'm too intimidating.I have trust issues.No one will date me.I want someone who'll match my time and effort.I haven't found a serious and decent guy who wants more than a hookup. Women don't appreciate good men. Something out of my control prevents things from going further.I haven't met a guy who's character I can trust.I held onto someone for years hoping they would change.I don't trust myself to make good decisions.Although in recent years, dating has seemingly become an exercise in futility, and outside factors beyond our control play a part in the lack of success we experience as daters, the truth is, we as individuals have made it much harder on ourselves, if not more so, than the dating world has on us.When we take a step back and look at society as a whole, we find that failing to connect to ourselves and to others in a meaningful way is our biggest problem. And nowhere is this more apparent than in the sub-section of society known as the available singles pool. Those that are actively swimming in its turbulent waters are having a difficult time making sense of what they are seeing, hearing, and experiencing, so it's not surprising that dating has become a casualty of the dysfunctional society of the present day.But there are things you can do to making your personal dating life a more pleasurable, enjoyable, and ultimately, successful endeavor.In the first part of this book, Vince Guaglione take a deep dive into the issues that plague today's dating world, how those issues affect the entire dating community, and how they have created an environment that has resulted in dating being held in such low regard by those who are currently immersed in it. The second part of the book offers up helpful advice, tips, and strategies for navigating the current dating world, and provides guidance on how to make effective and efficient use of your dating time and effort, while providing some simple and effective concepts which, when implemented, will set you up for dating success.If you're single and are trying to make sense of the dating world, you will find something of value within these pages. It's a guide that will provide insight into what's really going on in the dating pool, and will aid you in creating a solid plan for remaining afloat

*A Million First Dates* Dan Slater, 2014-01-28 \*\* Previously published in hardcover as Love in the Time of Algorithms \*\* Once considered the realm of the lonely and desperate, sites like eHarmony, Match, OkCupid, and Plenty of Fish have been embraced by pretty much every demographic. Dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless. Now anyone can search for exactly what they want, connect with more people, and get more information about those people than ever before. As journalist Dan Slater shows, online dating is changing society in more profound ways than we imagine. He explores how these new technologies, by altering our perception of what's possible, are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life. Slater takes readers behind the scenes of a fascinating business. Dating sites capitalize on our quest for love, but how do their creators’ ideas about profits, morality, and the nature of desire shape the virtual worlds they’ve created for us?

**The Good Widow** Jennifer Katz, 2021-08-10 What do we do when life ends? How do we honor the past while moving into an unimaginable, uncertain future? This tender, bracingly honest memoir explores how Jenny, a young widow, navigates the sudden loss of Tris, her beloved spouse of eighteen years. With Tris gone, Jenny suddenly finds herself a single mom to a teen daughter and adult stepson. The newly splintered family finds ways to celebrate “milestone firsts” —including birthdays and other holidays that, without Tris, now feel hollow and bittersweet. Jenny finds herself drawn to new people, including other widows and psychic mediums, and becoming open to different kinds of connections based on sharing and spirituality. She also embarks on a halting quest for new romantic love. Initially, as she endures awkward first dates and unpleasant interactions with self-proclaimed “nice guys,” she resists her new reality—but over time, she finds someone unexpectedly comforting, blending the pain of loss with the pleasure of closeness. For readers who have also lost a loved one, The Good Widow offers both a comforting guide to grief and a form of companionship; for everyone, it’s a beautiful example of how even after death, love endures.

**Against Online Dating** Miguel Carvalho Abrantes, 2018-12-25 Ever wondered why you can't find love on online dating apps and websites? For the final book of the On Love and Relationships collection I decided to take it even further and explore the topic of online dating. There's hundreds and thousands of people in each individual app and website, why is it that it's so difficult for people to meet their match? Maybe because... you're not supposed to ever find true love there? That's what this third book is all about - if online dating was supposed to result in real, enduring matches, and eventually true love... why is it that few people ever find it, and even then it takes them massive effort? Aren't you curious about all this? If so, perhaps this is indeed the book for you!

*500 Dates* Mark Miller, 2015-02-03 Now several years post-divorce, relationship expert and humorist Mark Miller has experienced more than five hundred first dates. In 500 Dates, composed of fifty-five humor essays, Miller features the highlights and lowlights of those dates. Among the true dating tales and revelations you will find in this book are: • How Miller and his date learned the limitations of a man being too emotionally expressive. (“Most guys consider revealing more about themselves emotionally and communicating on a deeper level nearly as enjoyable as falling face-first onto an ice pick—or spending the rest of eternity listening to Celine Dion music.) • Miller’s realization that sometimes men have to pay a heavy price for their dates’ previous relationship behavior. (At least six different times, God has matched me up with a woman who has had a long history of wild, impulsive, passionate, no-holds-barred sex. She invariably finds something lacking in that lifestyle and decides to make a change. Starting with the very next man she dates. Who is invariably me.) • Miller’s misguided social experiment to separate dating from status by spending less than \$20 on the date, purchasing everything at a 99¢ store, and what he learned, as a result, about his date and himself. (“I realize now that on the journey of romance, thrift and creativity will take you only so far - for the rest of the trip, you'll need MasterCard.) • Revealed for the first time the inner workings of a man's brain. (Cerebellum. Responsible for coordinating movement and maintaining balance. Used primarily when a man has had eight beers and is endeavoring to make his way to the bathroom without tripping over the dog and pulling the fish tank over on top of them.) • How Miller took his date to his ex-wife’s holiday party only to find his date and his ex-wife bonding like high school girlfriends. (“Pam would take Amy aside and present to her a list of all 273 of my failings, most of which, she confides to Amy, won’t become noticeable until month three of Amy’s being with me. Amy is stunned; she’d only been aware of 149 of my failings.”) But 500 Dates is about much more than dating. Its humor essays also cover

romance, relationships, breakups, attraction, the nature of love, and how both men and women view the art, science, expectations, and reality of courtship and turning courtship into something deeper and longer lasting in the twenty-first century. Throughout these essays, a portion of which were previously published in various media, Miller provides a sense of hope about one’s romantic prospects. Readers will find that the end of a marriage, even a long-term one, does not mean the end of romance—or one's sense of humor.

The Penguin Book of Women's Humor Regina Barreca,1996 A selection of women's humor including quotations by Emily Dickinson, Elizabeth Bowen, Virginia Woolf, Dorothy Parker, Fran Lebowitz, Molly Ivens, and Whoopi Goldberg.

**20 First Dates: How to Find the Perfect Man in 20 Dates** Rebecca K Maddox,2012-02-01 Humorous accounts of the author's search for Mr Right with practical advice and encouragement for fellow seekers. Rebecca K. Maddox is 30 years old. After many years as a single Christian woman, she embarked on a dating experiment - to go on twenty first dates, with twenty men, met in twenty different ways. Over the course of a year, Rebecca was almost compromised on the dance floor, stranded in a muddy village and the catcher of a bouquet. She sheltered under a cupcake box, waited nervously in line for results and spent hours trawling profiles on the Internet. She was driven in a rusty car with no floor and chased by an angry granny. She narrowly escaped a squirting tiger and a falling pigeon, attempted to eat a variety of foodstuffs while trying to look attractive, and struggled in and out of her glad rags in the toilets of approximately ten trains to London. She was confused, amused, frustrated and dazzled in equal measure. This is the true story of one woman's determined search for the man of her dreams, with plenty of practical advice on the world of Christian dating.
