

ALTERNATIVE SPIRITUAL HEALING FOR YOU

JESSE TINNASH

📖 **SPIRITUAL HEALING ALTERNATIVE CURES** Debra Stiles,2012-12-19 A healthy mind equals a healthy body. That is the general concept of spiritual healing techniques - all body ailments find an underlying root cause from within the turmoil in the mental, emotional or spiritual level. Therefore, to heal the body, one must first deal with the chaos within. The connection between the mind and the spirit is undeniable. Many who have tried any form of spiritual healing have demonstrated that they feel better physically when they have handled their emotional wellbeing first. Spiritual healing is often associated with religion and faith healing where there is the strong belief in divine intervention and in the power of prayer to heal illness. This idea is sometimes wrongly associated with the alternative spiritual healing techniques. Some techniques may have relation to the belief in a higher power, but it is not specifically about divine intervention. True spiritual healing requires work on one's self. It is a self-journey that involves different methods that requires you to figure out how to get your body and energy into focused balance so that your body can be healthier. The objective of this book is to give you a basic overview on the most commonly used North American spiritual healing techniques to help start you out on your self-journey to spiritual healing. You will understand the concepts of: * Shamanism * Altered mental state healing * The 8 Limbs of Yoga * Yoga poses * The 7 primary Chakras Traditional medicine has not always completely given people the cure or solution that they seek, either for their physical ailments, mental illnesses or self esteem issues. The alternative methods of spiritual healing exist to help them attain that which they seek.

📖 **ALTERNATIVE & MYSTICAL HEALING THERAPIES** Edwin A. Noyes M.D. MPH,2015-10-27 The lies told in the Garden, you shall not die and you will become wise like God, (become a god), are the foundational pillars of Paganism/Nature worship. From these religions many proclaimed healing methods which are not based on known science have evolved. They are a component of Pagan spirituality, not some healing modality accidently discovered. Such healing practices are the right arm for Evangelism in the Neo-Pagan New Age movement. The devil, by deception, offers his counterfeit system of healing to entice man to give him the honor and worship due only to Jesus Christ the divine son of God. Many are deceived into believing that there is no spiritual danger in partaking of these proclaimed healing practices This book exposes the terrible spiritual dangers posed by the New Age holistic health movement, which combines valid healing remedies with various mystical healing arts. Valuable insights are given herein into the traps of the paranormal from a Christian perspective. Today there many who are more interested in health at any cost than Gods will at any price.
