New Orleans Graves Oliver Gaspirtz,2017-08-16 A Haunting Stroll Among The Magnificent Mausoleums In An Old Cemetery In New Orleans. If you're ever in New Orleans, be sure to visit some of its historic cemeteries. You won't find any grander above ground tombs in America, than the ones in New Orleans. While you take a silent stroll through the city of the dead, remember that those structures you're looking at are not churches or chapels or mansions. They're just the graves of very rich dead people, who couldn't take their wealth with them. Gaspirtz

Black and White Oliver Gaspirtz,2016-10-24 Black and White takes the reader beyond Gaspirtz' colorful cartoons with a collection of the artist's monochromatic photographs.

Debugging Game History Henry Lowood,Raiford Guins,2016-06-03 Essays discuss the terminology, etymology, and history of key terms, offering a foundation for critical historical studies of games. Even as the field of game studies has flourished, critical historical studies of games have lagged behind other areas of research. Histories have generally been fact-by-fact chronicles; fundamental terms of game design and development, technology, and play have rarely been examined in the context of their historical, etymological, and conceptual underpinnings. This volume attempts to "debug" the flawed historiography of video games. It offers original essays on key concepts in game studies, arranged as in a lexicon—from "Amusement Arcade" to "Embodiment" and "Game Art" to "Simulation" and "World Building." Written by scholars and practitioners from a variety of disciplines, including game development, curatorship, media archaeology, cultural studies, and technology studies, the essays offer a series of distinctive critical "takes" on historical topics. The majority of essays look at game history from the outside in; some take deep dives into the histories of play and simulation to provide context for the development of electronic and digital games; others take on such technological components of games as code and audio. Not all essays are history or historical etymology—there is an analysis of game design, and a discussion of intellectual property—but they nonetheless raise questions for historians to consider. Taken together, the essays offer a foundation for the emerging study of game history. Contributors Marcelo Aranda, Brooke Belisle, Caetlin Benson-Allott, Stephanie Boluk, Jennifer deWinter, J. P. Anthropause 2020 Oliver Gaspirtz,2020-07-28 Anthropause 2020: The year when humans shut down the planet. Lockdown in Los Angeles The photos you're about to see were taken during the coronavirus lockdown of 2020. What makes these images so unusual is how devoid of people they are. We Angelinos have never seen our city so empty. Los Angeles is one of the busiest cities in the world. A human ant hill. Crawling. Teeming with life. These photos were taken at busy places and on always crowded streets, that are suddenly deserted. It's an unprecedented moment in human history. For a brief moment, we were frozen in time. Human activity around the globe came to a grinding halt, while the world held its breath in fear. We all together shared a pivotal moment in human history: a moment that will be remembered for centuries, for its silence. It was the calm before the storm.

Possums Run Amok Lora Lafayette,2022-03-30 2023 Oregon Book Award Finalist in Creative Nonfiction Possums Run Amok is a rollicking, slyly hilarious, at times uncomfortable and dark memoir wherein the author and two friends are nicknamed The Possumettes. With fearless candor, Lora Lafayette recounts her life from a delinquent, late 1970s punk rock adolescence through a crooked, manic, transatlantic path to adulthood and her eventual terrifying descent into schizophrenia. Whip smart, daring, and inventive, Lafayette navigates the harsh realities of being a risk-taking adventurous young woman while seeking to wrest all the wild joy she can out of life. Her story reveals how blurry the line can be between real and unreal, choice and force. It lays bare the startling lack of empathy and services in society for those in crisis. Her voice is singular, her language full of shining unconventional metaphor. Deeply uncomfortable, laugh-out-loud funny, and devastatingly moving, Possums Run Amok is equal parts challenging and entertaining.

The Laws of Cool Alan Liu,2009-10-27 Knowledge work is now the reigning business paradigm and affects even the world of higher education. But what perspective can the knowledge of the humanities and arts contribute to a world of knowledge work whose primary mission is business? And what is the role of information technology as both the servant of the knowledge economy and the medium of a new technological cool? In The Laws of Cool, Alan Liu reflects on these questions as he considers the emergence of new information technologies and their profound influence on the forms and practices of knowledge.

The Art of UNIX Programming Eric S. Raymond,2003-09-23 The Art of UNIX Programming poses the belief that understanding the unwritten UNIX engineering tradition and mastering its design patterns will help programmers of all stripes to become better programmers. This book attempts to capture the engineering wisdom and design philosophy of the UNIX, Linux, and Open Source software development community as it has evolved over the past three decades, and as it is applied today by the most experienced programmers. Eric Raymond offers the next generation of hackers the unique opportunity to learn the connection between UNIX philosophy and practice through careful case studies of the very best UNIX/Linux programs.

Dark Humor Oliver Gaspirtz,2020-04-01 Throughout history's darkest times, people have exhibited a particular type of humor: dark humor, also known as black humor, black comedy, dark comedy, or gallows humor. That's my favorite kind. I like absurd, random stuff. But with a dark twist. Black humor makes fun of the things that terrify us. It's a coping mechanism. Some people think death is taboo as a topic for jokes. But every stand up comic and every cartoonist knows that taboo jokes get the biggest laughs, the guilty laughs, and the biggest dopamine release. Humor is not supposed to be polite. It's supposed to mock bad things. Here's a little selection of some of my favorite cartoons, about life's painful little absurdities that make me laugh. "I laugh because I must not cry, that is all, that is all." -Abraham Lincoln If you're a fan of Gary Larson's The Far Side, you'll love Gaspirtz's Dark Humor. -Not Abraham Lincoln

Famous Quotes About Racism Oliver Gaspirtz,2016-08-07 We live in a globally connected world. Racism should be a thing of the past, and yet, it still exists. This book explores some of the root causes of racism, and how we can overcome it. Famous celebrities, writers and politicians discuss their experiences with racism in their own words.

The Coding Manual for Qualitative Researchers Johnny Saldana,2012-10-04 The Second Edition of Johnny Saldaña's international bestseller provides an in-depth guide to the multiple approaches available for coding qualitative data. Fully up to date, it includes new chapters, more coding techniques and an additional glossary. Clear, practical and authoritative, the book: -describes how coding initiates qualitative data analysis - demonstrates the writing of analytic memos -discusses available analytic software -suggests how best to use The Coding Manual for Qualitative Researchers for particular studies. In total, 32 coding methods are profiled that can be applied to a range of research genres from grounded theory to phenomenology to narrative inquiry. For each approach, Saldaña discusses the method's origins, a description of the method, practical applications, and a clearly illustrated example with analytic follow-up. A unique and invaluable reference for students, teachers, and practitioners of

qualitative inquiry, this book is essential reading across the social sciences.

The 100 Best Yo Mama Jokes Oliver Gaspirtz,2016-08-20 A collection of the very best Yo Mama Jokes: Yo Mama So Fat, Yo Mama So Ugly, Yo Mama So Stupid and many more!

Police Humor Oliver Gaspirtz,2014-07-14 The lighter side of law enforcement: comics for cops and weird news about stupid criminals. This book is a tribute to all the hard working men and women in law enforcement who risk their lives every day for an often less than grateful public. The cartoons capture the human side of police officers, and find humor in the often very stressful situations they deal with. As George Bernard Shaw said: “Life does not cease to be funny when someone dies, anymore than it ceases to be serious when someone laughs.” “Policing is a serious job, and at some point you’ve got to lighten up. If you’re serious all the time, you’ll go crazy in this job. Cops love humor.” -Darlene Hutchingson-Hunter, editor of The Police Marksman “The great salve for the soul, humor has always been used by cops as a counterweight to the high-stress demands and seriousness of the job.” -Dennis Hall, editor of Police magazine “In the rigid and structured world of law enforcement, it’s refreshing to see illustrations that capture the human side of police officers while making us smile. Gaspirtz’ cartoons are always objects of joy and entertainment around the office.” -Cisco Mendoza, art director of Texas Highway Patrol magazine “Gaspirtz’s cartoons are very humorous and down to earth. They reflect the real life of police officers and what they have to face every day, but in a funny, stress-relieving way.” -David J. Armitage, editor of The Police Shield “California Highway Patrol officers always take their duties seriously, but Gaspirtz’s cartoons allow them the room to take themselves a little lighter.” -Carol Perri, editor of The California Highway Patrolman

The Worst Dead Baby Jokes of All Time Oliver Gaspirtz,2017-03-19 Are you a self-righteous political correctness crusader? Looking for the next big thing to get all outraged over? Do you plan on being highly offended by this book? Remember, just because you find dead baby jokes insensitive and offensive doesn't mean you have the right to ruin the fun for everyone else. Think of it this way: Just because you have a nut allergy, you don't get to ruin the Peanuts movie for everyone else. These are just jokes. Terribly tasteless jokes. But just jokes nonetheless. You know, Freedom of Speech and what not. No actual babies were harmed during the making of this book. So don't get your politically correct panties in a knot. Relax, take a deep breath, and allow yourself to laugh. I won't tell anybody what a sick puppy you are. It'll be our little secret. It's ok to laugh at terrible jokes. Really. (More about that at the end of this book.) Gaspirtz
