Wealth and the Material World in the Old English Alfredian Corpus Amy Faulkner, 2023-01-24 A new, materialistic reading of the Alfredian corpus, drawing on diverse approaches from thing theory to Augustinian principles of use and enjoyment to uncover how these works explore the material world. The Old English prose translations traditionally attributed to Alfred the Great (versions of Gregory's *Regula pastoralis*, Boethius' *De consolazione philosophiae*, Augustine's *Soliloquia* and the first fifty Psalms) urge detachment from the material world; but despite this, its flotsam and jetsam, from costly treasures to everyday objects, abound within them. This book reads these original and inventive translations from a materialist perspective, drawing on approaches as diverse as thing theory and Augustine's principles of use and enjoyment. By focussing on the material, it offers a fresh interpretation of this group of translations, bringing out their complex, often contradictory, relationship with the material world. It demonstrates that, as in the poetic tradition, wealth in Alfredian literature is not simply a tool to be used, or something to be enjoyed in excess; rather, in moving away from these two static binaries, it shows that wealth is a current, flowing both horizontally, as an exchange of gifts between humans, and vertically, as a salvific current between earth and heaven. The prose translations are situated in the context of Old English poetry, including *Beowulf*, *The Wanderer*, *The Seafarer*, the *Exeter Book Riddles* and *The Dream of the Rood*.

*The Wintering* Joan Williams, 2014-12-30 This poignant tale of a young woman's affair with a famous writer is based on Joan Williams's real-life relationship with William Faulkner. For Amy Howard, the novels of Jeffrey Almoner are a refuge from the uncertainty of life. His books are full of the questions—about the nature of justice, the necessity of suffering, and the meaning of the past—that occupy her thoughts, but that no else seems interested in asking or able to answer. When she and two friends make a pilgrimage to Almoner's house, she expects the world-famous author to be tall, dark, and mysterious, and to find in him the mirror to her soul. Instead, the encounter is too brief and awkward for Amy to even introduce herself. Back at home, she pours out everything she had hoped to say in a letter, sharing with Almoner her belief that, despite the difference in their ages, they are spiritually connected. His surprisingly personal response marks the beginning of an intense relationship that soon progresses from epistolary flirtation to secret meetings in Mississippi bus stations, fancy Memphis hotels, and New York publishing houses. For the married Almoner, Amy's youthful beauty and devotion are irresistible. For Amy, the great artist is a source of wisdom and experience whose support gives her the courage to pursue her dream of becoming a writer. As their love affair moves from its exhilarating beginning to its inevitable, heartrending conclusion, Amy discovers that finding the answers to her questions will be more painful than she ever thought possible. *The Wintering* is a bittersweet coming-of-age story, an exquisite account of a beautiful yet fleeting romance, and one of the most intimate portraits of William Faulkner ever written. Included in this ebook is "Twenty Will Not Come Again," Joan Williams's honest and revealing essay, first published in the *Atlantic Monthly*, on the subject of her relationship with one of the twentieth century's greatest artists.

Lord of Ravens AK Faulkner, 2019-10-01 Hunter and prey. Which is which? Laurence Riley believed that he was nothing. He couldn't have been further from the truth. Descended from Herne the Hunter, his own need to seek prey has long gone unfulfilled. Now it's out of control. Something ancient is coming to take Quentin home: a creature of nightmare who feasts on the flesh of children. But Laurence has seen the real monster. The one who is pulling all their strings from afar. Only Herne can prepare Laurence to face an evil which far outmatches him. Their enemy wields the most powerful weapon of all, and will destroy everyone Laurence loves unless he can master the same power. He must learn magic.

**John Craxton** Ian Collins, 2021-06-22 Uplifting and engaging, this story recounts the life and career of a rebellious 20th-century British artist

Born into a large, musical, and bohemian family in London, the British artist John Craxton (1922–2009) has been described as a Neo-Romantic, but he called himself a “kind of Arcadian”. His early art was influenced by Blake, Palmer, Miró, and Picasso. After achieving a dream of moving to Greece, his work evolved as a personal response to Byzantine mosaics, El Greco, and the art of Greek life. This book tells his adventurous story for the first time. At turns exciting, funny, and poignant, the saga is enlivened by Craxton’s ebullient pictures. Ian Collins expands our understanding of the artist greatly—including an in-depth exploration of the storied, complicated friendship between Craxton and Lucian Freud, drawing on letters and memories that Craxton wanted to remain private until after his death.

William Faulkner and Joan Williams Lisa C. Hickman,2015-01-28 This work looks closely at the relationship between William Faulkner and Memphis novelist Joan Williams. Their story is significant not only in its depth but also in the years of their primary involvement, 1949-1953--a period over which Faulkner won both the Nobel Prize and a National Book Award. This is the first book-length study of the Faulkner-Williams relationship, and the first truly attentive consideration of Joan Williams, her impressions of Faulkner, and her commitment to writing. Until now, Williams, an acclaimed novelist, was an outside woman in Faulkner's life. Their affair and friendship is worthy of its own story. Included here are extensive interviews with Williams conducted over several years about her relationship with Faulkner, their correspondence, and discussions of both his work and her own. It includes all of Williams's letters to Faulkner and his letters, either directly reproduced or paraphrased.

**Early Medieval English Life Courses** ,2021-11-22 How did the life course, with all its biological, social and cultural aspects, influence the lives, writings, and art of the inhabitants of early medieval England? This volume explores how phases of human life such as childhood, puberty, and old age were identified, characterized, and related in contemporary sources, as well as how nonhuman life courses were constructed. The multi-disciplinary contributions range from analyses of age vocabulary to studies of medicine, name-giving practices, theology, Old English poetry, and material culture. Combined, these cultural-historical perspectives reveal how the concept and experience of the life course shaped attitudes in early medieval England. Contributors are Jo Appleby, Debby Banham, Darren Barber, Caroline R. Batten, James Chetwood, Katherine Cross, Amy Faulkner, Jacqueline Fay, Elaine Flowers, Daria Izdebska, Gale R. Owen-Crocker, Thijs Porck, and Harriet Soper.

**Children's Nature** Leslie Paris,2010-05-10 For over a century, summer camps have provided many American children's first experience of community beyond their immediate family and neighborhoods. Each summer, children experience the pain of homesickness, learn to swim, and sit around campfires at night. *Children's Nature* chronicles the history of the American summer camp, from its invention in the late nineteenth century through its rise in the first four decades of the twentieth century. Leslie Paris investigates how camps came to matter so greatly to so many Americans, while providing a window onto the experiences of the children who attended them and the aspirations of the adults who created them. Summer camps helped cement the notion of childhood as a time apart, at once protected and playful. Camp leaders promised that campers would be physically and morally invigorated by fresh mountain air, simple food, daily swimming, and group living, and thus better fit for the year to come. But

camps were important as well because children delighted in them, helped to shape them, and felt transformed by them. Focusing primarily on the northeast, where camps were first founded and the industry grew most extensively, and drawing on a range of sources including camp films, amateur performances, brochures, oral histories, letters home, industry journals, camp newspapers, and scrapbooks, *Children's Nature* brings this special and emotionally resonant world to life.

***Another Frank Capra*** Leland Poague, 1994 *Another Frank Capra* offers a new interpretation of the great Hollywood director beyond the patriotic sentimentalist or the cynical opportunist that he has been taken for. Often cast as a cinematic simpleton or primitive, Capra's exploitation of the stylistic and narrative resources of cinema was, in fact, extremely self-conscious and adventurous in ways typical of artistic modernism. His modernism is also evident in his repeated and strong identification with female characters. Informed by recent work in genre theory and feminist psychology, *Another Frank Capra* shows Capra to be a 'proto-feminist' director whose feminism has been entirely neglected by previous critics.

***Your Colossal Main Feature Plus Full Support Program*** John Howard Reid, 2005-03-23 Remember the days when a night at the movies comprised a full three to four hours of varied entertainment? The attraction was not just the colossal main feature, but the supporting program: the newsreel, the cartoon, the shorts and the before-interval picture or B feature. Here's a book where you can re-live those wonderful times. No less than 140 varied features (from Hollywood's main studios to Poverty Row) are discussed, all with full cast and technical credits plus other background information. And to round the book out, I've also included 28 cartoons and 9 shorts!

***Enjoying What We Don't Have*** Todd McGowan, 2020-03-01 Although there have been many attempts to apply the ideas of psychoanalysis to political thought, this book is the first to identify the political project inherent in the fundamental tenets of psychoanalysis. And this political project, Todd McGowan contends, provides an avenue for emancipatory politics after the failure of Marxism in the twentieth century. Where others seeking the political import of psychoanalysis have looked to Freud's early work on sexuality, McGowan focuses on Freud's discovery of the death drive and Jacques Lacan's elaboration of this concept. He argues that the self-destruction occurring as a result of the death drive is the foundational act of emancipation around which we should construct our political philosophy. Psychoanalysis offers the possibility for thinking about emancipation not as an act of overcoming loss but as the embrace of loss. It is only through the embrace of loss, McGowan suggests, that we find the path to enjoyment, and enjoyment is the determinative factor in all political struggles--and only in a political project that embraces the centrality of loss will we find a viable alternative to global capitalism.

***The Life Course in Old English Poetry*** Harriet Soper, 2023-11-30 The first book-length study of the whole lifespan in Old English verse, exploring how poets depicted varied paths through life. This title is part of the Flip it Open Programme and may also be available Open Access. Check our website Cambridge Core for details.

***The Anonymous Old English Homily: Sources, Composition, and Variation***, 2020-11-23 *The Anonymous Old English Homily: Sources, Composition, and Variation* offers important essays on the origins, textual transmission, and (re)use of early English preaching texts between the ninth and the late twelfth centuries. Associated with the Electronic Corpus of Anonymous Homilies in Old English project, these studies provide fresh insights into one of the most complex textual genres of early medieval literature. Contributions deal with the definition of the anonymous homiletic corpus in Old English, the history of scholarship on its Latin sources, and the important unedited Pembroke and Angers Latin homiliaries. They also include new source and manuscript identifications, and in-depth studies of a number of popular Old English homilies, their themes, revisions, and textual relations. Contributors are: Aidan Conti, Robert Getz, Thomas N. Hall, Susan Irvine, Esther Lemmerz, Stephen Pelle, Thijs Porck, Winfried Rudolf, Donald G. Scragg, Robert K. Upchurch, Jonathan Wilcox, Charles D. Wright, Samantha Zacher. See inside the book.

*Robert Riskin* Ian Scott, 2021-12-07 Because screenwriter Robert Riskin (1897–1955) spent most of his career collaborating with legendary Hollywood director Frank Capra, his own unique contributions to film have been largely overshadowed. With five Academy Award nominations to his credit for the monumental films *Lady for a Day*, *Mr. Deeds Goes to Town*, *You Can't Take It with You*, *Here Comes the Groom*, and *It Happened One Night* (for which he won an Oscar), Riskin is often imitated but rarely equaled. *Robert Riskin: The Life and Times of a Hollywood Screenwriter* is the first detailed critical examination of the Hollywood pioneer's life and work. In addition to being one of the great screenwriters of the classic Hollywood era, Riskin was also a producer and director, founding his own film company and playing a crucial role in the foundation of the Screen Writers Guild. During World War II, Riskin was one of the major forces behind propaganda filmmaking. He worked in the Office of War Information and oversaw the distribution—and later, production—of films and documentaries in foreign theaters. He was interested in showing the rest of the world more than just an idealized version of America; he looked for films that emphasized the spiritual and cultural vibrancy within the United States, making charity, faith, and generosity of spirit his propaganda tools. His efforts also laid the groundwork for a system of distribution channels that would result in the dominance of American cinema in Europe in the postwar years. Author Ian Scott provides a unique perspective on Riskin and the ways in which his brilliant, pithy style was realized in Capra's enduring films. Riskin's impact on cinema extended far beyond these films as he articulated his vision of a changing America and helped spread Hollywood cinema abroad.
