Sonoma Rose Jennifer Chiaverini,2012-02-21 From New York Times bestselling author Jennifer Chiaverini, a powerful and dramatic Prohibition-era story that follows the fortunes of Rosa Diaz Barclay, a woman who plunges into the unknown for the safety of her children and the love of a good but flawed man. As the nation grapples with the strictures of Prohibition, Rosa Barclay lives on a Southern California rye farm with her volatile husband, John, who has lately found another source of income far outside the federal purview. Mother to eight children, Rosa mourns the loss of four who succumbed to the mysterious wasting disease that is now afflicting young Ana and Miguel. Two daughters born of another father are in perfect health. When an act of violence shatters Rosa's resolve to maintain her increasingly dangerous existence, she flees with the children and her precious heirloom quilts to the mesa where she last saw her beloved mother alive. As a flash flood traps them in a treacherous canyon, only one man is brave-or foolhardy-enough to come to their rescue: Lars Jorgenson, Rosa's first love and the father of her healthy daughters. Together they escape to Berkeley, where a leading specialist offers their only hope of saving Ana and Miguel.

Here in northern California, they create new identities to protect themselves from Rosa's vengeful husband, the police who seek her for questioning, and the gangsters Lars reported to Prohibition agents-officers representing a department often as corrupt as the Mob itself. Ever mindful that his youthful alcoholism provoked Rosa to spurn him, Lars nevertheless supports Rosa's daring plan to stake their futures on a struggling Sonoma Valley vineyard-despite the recent hardships of local winemakers whose honest labors at viticulture have, through no fault of their own, become illegal.

Ilona Jana Juránová, 2014 Fiction. Women's Studies. Translated from the Slovak by Julia and Peter Sherwood. ILONA: MY LIFE WITH THE BARD is a fictionalized biography of Ilona Nováková (1856-1932), wife of Pavol Országh Hviezdoslav (1849-1921), one of Slovakia's most revered poets. By reconstructing the minutiae of Ilona's everyday

domestic routines and envisioning her thought processes, Jana Juráňová paints a vivid and subtly ironic portrait of a woman who spent her life in the shadow of her husband. Juráňová debunks the myth of the great artist, showing instead a vain and self-centred man, unwilling to take criticism and oblivious of his wife's needs. Wittily recreating or imagining Hviezdoslav's real-life encounters with fellow writers and literary scholars—based on careful research in historical and literary sources—Jana Juráňová weaves a rich tapestry of cultural, social and political life in fin-de-siècle Slovakia. Beginning in reverie and a nostalgic glance back at the protagonist's early life and dreams, Jana Juráňová's *ILONA: MY LIFE WITH THE BARD* subtly shifts to a tone of gentle and increasingly piercing irony towards Slovakia's national poet, with moments of almost nightmarish confinement, as it becomes clear that there was a heartlessness at the very heart of the burgeoning national liberation movements taking place throughout Central Europe, for they blatantly didn't include half of the people they claimed to unshackle. Yet Ilona's tenderness toward her husband, the loving eye with which she views the surrounding landscape and her determined if often uncertain attempts to insist on the significance of her life keep bitterness at bay.—Michael Stein

Migrants and Literature in Finland and Sweden
Satu Gröndahl, Eila Rantonen, 2018-10-11 *Migrants and Literature in Finland and Sweden* presents new comparative perspectives on transnational literary studies. This collection provides a contribution to the production of new narratives of the nation. The focus of the contributions is contemporary fiction relating to experiences of migration. When people are in motion, it changes nations, cultures and peoples. The volume explores the ways in which transcultural connections have affected the national self-understanding in the Swedish and Finnish context. It also presents comparative aspects on the reception of literary works and explores the intersectional perspectives of identities including class, gender, ethnicity, race and disability. This volume discusses multicultural writing, emerging modes of writing and generic innovations. Further, it also demonstrates the complexity of grouping literatures according to nation and ethnicity. This collection is of particular interest to students and scholars in literary and Nordic

studies as well as transnational and migration studies.

Reshaping Retail Stefan Niemeier, Andrea Zocchi, Marco Catena, 2013-06-06 The modern retail system has worked to dazzling effect. From the 19th century, store owners emerged from small beginnings to set in train an industry that has seen some operators become nationally, even globally, dominant. Along the way, they turned retailing into an art, and then a science. Now retailers in emerging markets appear to be repeating the story all over again, except on a scale and at a speed beyond anything we have seen before. Given all of this, it can be hard for those who work in retailing to accept that the industry as we know it is living on borrowed time, on the brink of transformation. There is now an urgency with which conventional store-based retailers must now act and the extent of the challenges this change represents in strategic, organizational, and above all, technological terms. *Reshaping Retail* sets out the driving causes, current trends and consequences of a transformation in retail triggered by technology. The changes go far beyond making items available for sale on the internet. Starting by briefly setting the historical and business system contexts for retail and describe the role that technology has played in the creation of modern retail it then explains the underlying technological drivers behind the current revolution – radical changes in the capacity of both hardware and software, mobile telecommunications changes and the advances of the

Internet. Ultimately, success will hinge on more than competence; it will come down to a way of thinking. Customer-centricity will need to be valued not just by the store owner, as in the past, but also by all employees in the organization. It will need to become embedded in their daily tasks. The same applies to technology, which must be at the center of the organization and recognized as such by everyone. With a combination of extensive desk and field research, interviews with leading retailers and technologists, together with the real world experience of practitioners in this area, Reshaping Retail will inspire and help store retailers to make the necessary transformation now to win in the new consumer driven world.

Necklace/Choker Jana Bodnárová,2021-10-15 An engrossing novel about the lives in a small Slovak town during the tumultuous twentieth century. In this highly acclaimed novel, Jana Bodnárová offers an engrossing portrayal of a small Slovak town and its inhabitants in the north of the country against the backdrop of the tumultuous history of the twentieth century. As Sara, the protagonist of *Necklace/Choker*, returns to her native town after many years in exile to sell the old family house and garden, she begins to piece together her family's history from snippets and fragments of her own memory and the diaries of her artist father, Imro. A talented painter, he survived the Holocaust only to be crushed by the constraints imposed on his art by Stalinist censorship, and

Sara herself was later driven into exile after dreams of socialism with a human face were shattered by the Soviet-led invasion of Czechoslovakia in 1968. Through their stories, and that of Sara's friend, Iboja, the daughter of a hotelier, readers will be immersed in key moments of Slovak history and their bearing on the people in this less familiar part of Central Europe.

Approaches to Teaching The Story of the Stone (Dream of the Red Chamber) Andrew Schonebaum, Tina Lu, 2013-01-01 The Story of the Stone (or Dream of the Red Chamber), a Chinese novel by Cao Xueqin and continued by Gao E, tells of an amazing garden, of a young man's choice between two beautiful women, of his journey toward enlightenment, and of the moral and financial decline of a powerful family. Published in 1792, it depicts virtually every facet of life in eighteenth-century China—and has influenced culture in China ever since. Part 1 of this volume, Materials, provides information and resources that will help teachers and students begin and pursue their study of Stone. The essays that constitute part 2, Approaches, introduce major topics to be covered in the classroom: Chinese religion, medicine, history, traditions of poetry, material culture, sexual mores, servants; Stone in film and on television; and the formidable challenges of translation into English that were faced by David Hawkes and then by John Minford.

Kafka Reiner Stach,2017-09-05 The eagerly anticipated final volume of the award-winning, definitive biography of Franz Kafka How did Kafka become Kafka? This eagerly anticipated third and final volume of Reiner Stach's definitive biography of the writer answers that question with more facts and insight than ever before, describing the complex personal, political, and cultural circumstances that shaped the young Franz Kafka (1883–1924). It tells the story of the years from his birth in Prague to the beginning of his professional and literary career in 1910, taking the reader up to just before the breakthrough that resulted in his first masterpieces, including *The Metamorphosis*. Brimming with vivid and often startling details, Stach's narrative invites readers deep inside this neglected period of Kafka's life. The book's richly atmospheric portrait of his German Jewish merchant family and his education, psychological development, and

sexual maturation draws on numerous sources, some still unpublished, including family letters, schoolmates' memoirs, and early diaries of his close friend Max Brod. The biography also provides a colorful panorama of Kafka's wider world, especially the convoluted politics and culture of Prague. Before World War I, Kafka lived in a society at the threshold of modernity but torn by conflict, and Stach provides poignant details of how the adolescent Kafka witnessed violent outbreaks of anti-Semitism and nationalism. The reader also learns how he developed a passionate interest in new technologies, particularly movies and airplanes, and why another interest—his predilection for the back-to-nature movement—stemmed from his “nervous” surroundings rather than personal eccentricity. The crowning volume to a masterly biography, this is an unmatched account of how a boy who grew up in an old Central European monarchy became a writer who helped create modern literature.
