March or Die Andrew Keith,William H. Keith,2016-03-01 An uprising from an alien species threatens a futuristic foreign legion in this military sci-fi. As the Terran Commonwealth expanded the borders of the interstellar territories it controlled, a waning alien race was forced to yield much of their once glorious star empire. But they had never been fully conquered, and they would never cease trying to undermine the Commonwealth's power. When Commonwealth diplomats and the command officers of the Terran Fifth Foreign Legion gathered in the alien capital city to meet with a local ruler, no one suspected the trap they were walking into. As assassins attacked the diplomatic party, native forces struck the fortress of the Fifth Foreign Legion, which was still under construction and not yet secure. The ranking surviving officer from the fort has to lead his troops on an impossible march through the heart of enemy territory, fighting every step of the way in a last-ditch effort to reach the main base . . . or die in the attempt.

Honor and Fidelity Andrew Keith,William H. Keith,2016-03-31 A

military sci-fi fantasy where troops keeping peace on an alien planet find themselves engaged in an interstellar war. It was an easy assignment on a peaceful alien world—until the natives attacked! The Sandcastle, on a water world on the fringe of Earth’s expanding empire, houses the Fifth Foreign Legion—troops sent there to protect the interests of Seafarms Interstellar, a powerful Terran corporation. At first, Captain Fraser thought his biggest problem would be keeping the Legionnaires from getting too bored. But that was before the Free Swimmers—the nomadic ocean clans—attacked and nearly overran the Sandcastle. Suddenly, the Fifth Foreign Legion is facing a seemingly unstoppable alien army equipped not only with their native crossbows, but also high-tech offworld weapons that just might spell the end for the Fifth as well as the Seafarms civilians they have sworn to protect.

**MORE WAR...** A desperate attack on the Kilrathi homeworld had succeeded in destroying the entire planet, including the Emperor and his warlords. Thirty-five years of war had finally come to an end, bringing peace in our time. They thought... The reality was more ominous. There were still plenty of independent Kilrathi warlords surviving, commanding a formidable array of warships and weaponry. Some wanted revenge on the apes who had destroyed the sacred homeworld, some wanted to set up their own new empires, and some were simply content to go pirate, raiding human colonies at will. But back on Earth, the war-weary people and their leaders turned a deaf ear to reports of Kilrathi belligerence, preferring to look forward to a peaceful and prosperous future. But it was only the calm before a new story... At the publisher's request, this title is sold without DRM (Digital Rights Management).

Making Sense of New Testament Theology A K M Adam, 2005-01-07 Critics have tried to revitalize the discipline of New Testament theology. The results of their labors are often disappointing. A. K. M. Adam suggests the problems many sense in New Testament theology arise from a mismatch of method and goals. That mismatch stems from a preoccupation with modernity as resident in the hallowed halls of regnant historical criticism. We need a hermeneutics of theology, a hermeneutics of hermeneutics. Adam here helps us understand what to keep of the historical-critical perspective when the realization hits that we have been sold a bill of goods that no longer makes good on its promises. In that sense, Adam's book is far more friendly to the historical-critical method as such than unfriendly (editor's preface).

Reading Scripture with the Church A. K. M. Adam, Stephen E. Fowl, Kevin J. Vanhoozer, Francis Watson, 2006-10 In *Reading Scripture with the Church*, four leading biblical scholars set forth constructive theological approaches to biblical interpretation.
