The Cabinet Un-su Kim,2021-10-12 Winner of the Munhakdongne Novel Award, South Korea's most prestigious literary prize. Cabinet 13 looks exactly like any normal filing cabinet...Except this cabinet is filled with files on the 'symptomers', humans whose strange abilities and bizarre experiences might just mark the emergence of a new species. But to Mr Kong, the harried office worker whose job it is to look after the cabinet, the symptomers are a headache; especially the one who won't stop calling every day, asking to be turned into a cat. A richly funny and fantastical novel about the strangeness at the heart of even the most everyday lives, from one of South Korea's most acclaimed novelists. Full Immersion Gemma Amor,2022-09-13 A traumatised woman with amnesia finds her own dead body and sets out to uncover the truth of her demise in a race against time, sanity, crumbling realities and the ever-present threat of the Silhouette. --- What can you do when you're reeling from trauma but you've tried it all? Counselling, yoga, pills, meditation, art, healthy living... none of it makes a dent. What's left? Magpie is out of ideas. She's desperate enough to try anything. Just when she thinks her life can get no worse, she discovers herself, or rather her own dead body, partially buried in the mudbank of a river. A man stands by, a familiar stranger. What does he want? And why can't she remember getting here? Why can't she remember anything? Unbeknownst to her, two pairs of eyes watch from behind an observation screen, in a room filled with computers and sensors. An experiment is unfolding, but is Magpie the subject, or practitioner? Reality becomes a slippery concept. And beyond the glass is something worse still: a hint of an outline, shaped in darkness... Magpie realises all too soon that her journey has transformed from healing to survival. She must become the hunter rather than the hunted, with her missing memories the prey. In turn brutal, beautiful and absolutely terrifying, Full Immersion is the latest speculative horror from Bram Stoker Award-nominated author, Gemma Amor File Under: Horror Fantasy [Silhouette | Suspension | Bristol | Motherhood] **Content Warnings** suicidal ideation; post-natal depression; implied acts of violence towards a child; birth scene

Icho is a scientist who has developed a cure for the allergy, but she is on the run from the government and the Seraphs (the ghetto 'terrorist' group), who all have their own agenda for the cure.
