Ira A. Glazier, Percy William Filby

KOINE Derek Counts, Anthony Tuck, 2009-11-23 The Oxford English Dictionary defines koine as 'a set of cultural or other attributes common to various groups'. This volume merges an academic career over a half century in breadth and scope with an editorial vision that brings together a chorus of scholarly contributions echoing the core principles of R. Ross Holloways own unique perspective on ancient Mediterranean studies. Through broadly conceived themes, the four individual sections of this volume (I. A View of Classical Art: Iconography in Context; II. Crossroads of the Mediterranean: Cultural Entanglements Across the Connecting Sea; III. Coins as Culture: Art and Coinage from Sicily; and IV. Discovery and Discourse, Archaeology and Interpretation) are an attempt to capture the many and varied trajectories of thought that have marked his career and serve as testimony to the significance of his research. The twenty-four papers (plus four introductory essays to the individual sections, biographical sketch and main introduction) contain recent research on subjects ranging from the Kleophrades Painter to the Black Sea, Sicilian Coinage and archaeology in modern Rome.

Archaeology on the Apulian - Lucanian Border Alastair Small, Carola Small, 2022-05-26 The broad valley of the Bradano river and its tributary, the Basentello, separates the Apennine mountains in Lucania from the limestone plateau of the Murge in Apulia in southeast Italy. This book aims to explain how the pattern of settlement and land use changed in the valley over the whole period from the Neolithic to the late medieval.

Italians to America: January 1880–December 1884

Ira A. Glazier, Percy William Filby, 1992 *Italians to America* is the first indexed reference work devoted to Italian immigrants to the United States. This series contains passenger list information in chronological order on the first major wave of Italian migration during the last two decades of the nineteenth century. As with the highly regarded companion series on German immigrants, *Italians to America* presents the passenger lists in chronological order, including information on each person's age, sex, occupation, village of origin, and destination, plus the name of the ship, the port of embarkation and the date of arrival. Each volume also contains an introduction on the history of Italian migration to the U.S. and a full name index, greatly simplifying the researcher's job.
