Disease, Health and Ape Conservation Arcus Foundation, 2024-05-31 This fifth volume of State of the Apes brings together original research and analysis with topical case studies and emerging best practice to further the ape conservation agenda around disease and health. It provides an overview of relevant disease and health issues and explores factors such as the ethics of intervening in and managing ape health; the impact of research and tourism on apes; the One Health approach; and disaster management and the protection of apes. It shows how the welfare of apes is interrelated with that of the people who share their habitats, while also demonstrating the benefits of integrating ape conservation in health, socioeconomic activities (such as in the extractive industries, industrial agriculture and infrastructure development), and regulatory policy and practice at all levels, from the local to the international. This title is also available as Open Access via Cambridge Core.

Killing, Capture, Trade and Ape Conservation Arcus Foundation, 2021-04-29 An objective analysis of relevant issues and case studies to further the ape conservation agenda around killing, capture and trade.

Windows Phone 8 Recipes Lori Lalonde, David R. Totzke, 2013-08-26 Windows Phone 8 Recipes is a problem-solution based guide to the Windows Phone 8 platform. Recipes are grouped according to features of the platform and ways of interacting with the device. Solutions are given in C# and XAML, so you can take your existing .NET skills and apply them to this exciting new venture. Not sure how to get started? No need to worry, there's a recipe for that! Always wondered what it takes to add cool features like gesture support, maps

integration, or speech recognition into your app? We've got it covered! Already have a portfolio of Windows Phone 7 apps that needs to be upgraded? We have a recipe for that too! The book starts by guiding you through the setup of your development environment, including links to useful tools and resources. Core chapters range from coding live tiles and notifications to interacting with the camera and location sensor. Later chapters cover external services including Windows Azure Mobile Services, the Live SDK, and the Microsoft Advertising SDK, so you can take your app to a professional level. Finally, you'll find out how to publish and maintain your app in the Windows Phone Store. Whether you're migrating from Windows Phone 7 or starting from scratch, Windows Phone 8 Recipes has the code you need to bring your app idea to life. What you'll learn Set up your development environment with the Windows Phone 8 SDK. Upgrade your existing Windows Phone 7 apps to Windows Phone 8. Meet and try out the new features provided in the Windows Phone 8 SDK. Bring your apps to life with live tiles, notifications, and cloud services. Discover the easy steps to setting up your own Windows Phone Store account. Learn how to submit your apps for publication to the Windows Phone Store. Who this book is for Windows Phone 8 Recipes is for the developer who has a .NET background, is familiar with C# and either WPF or Silverlight, and is ready to tap into a new and exciting market in mobile app development. Innovation on Education and Social Sciences

Irena Yolanita Maureen, Elly Matul Imah, Siti Ina Savira, Syafi'ul Anam, Masilva Reynox Mael, Lina Hartanti, 2022-03-06 After a year of a global Covid-19 pandemic, still, we have more questions than answers to the future of education and our social life. It is more important than ever to follow the developments closely in the coming period, pay attention to critical concerns such as inequality, as well as positive signs of transformation and innovation in all aspects of the world of teaching and learning. Expectations on what the future brings will have to be based on solid research rather than short-term perceptions. The proceedings of IJCAH 2021 are an interdisciplinary platform for teachers, researchers, practitioners, and academicians to discuss the latest research findings, concerns, and practical challenges encountered and solutions adopted in the fields of Arts and Humanities. The subject areas within the proceeding are education, language learning, arts, culture, social sciences.

Handbook on Evolution and Society Alexandra Maryanski, Richard Machalek, Jonathan H. Turner, 2015-11-17 Handbook on Evolution and Society brings together original chapters by prominent scholars who have been instrumental in the revival of evolutionary theorizing and research in the social sciences over the last twenty-five years. Previously unpublished essays provide up-to-date, critical surveys of recent research and key debates. The contributors discuss early challenges posed by sociobiology, the rise of evolutionary psychology, the more conflicted response of evolutionary sociology to sociobiology, and evolutionary psychology. Chapters address the application and limitations of Darwinian ideas in the social sciences. Prominent authors come from a variety of disciplines in ecology, biology, primatology, psychology, sociology, and the humanities. The most comprehensive resource available, this vital collection demonstrates to scholars and students the new ways in which evolutionary approaches, ultimately derived from biology, are influencing the diverse social sciences and humanities.
