

Apex Rental Cars Limited

Donna Blaber

Nothing Handles Like a Rental Car Rich Duisberg, 2017-03-28 This book is about road trips with a reason; retracing the steps of some well-known motorsport heroes like Fangio and Hopkirk, and less well-known (but no less interesting) men like Roy 'The Weasel' James, Jock Horsfall and Captain Albert Ball. There's some Hermann Goring-inspired barnstorming too, thanks to lax security at an unnamed airfield. Starting with a £100 trip to Stelvio in a rented Fiat 500 and ending up hooning around France in a broken press fleet Maserati, the author unwittingly goes from weekend roadtripper to ham-footed TV presenter. Vehicles as diverse as the Volvo Laplander, Morgan 3 Wheeler and Mercedes 190E Cosworth all feature, in locations such as Zandvoort, Las Vegas and Sicily. Even time stuck in the office doesn't stop the mischief, with an amusing spell of chasing the ambulance chasers. This book is a loose collection of light-hearted and mildly incriminating stories from around Europe. It contains photographs, bad maps and a useless guide to dealing with foreign police. There are twelve uses of the word 'Porsche', six of the word 'apex' and one of the word 'frenulum'. Nothing handles like a rental car.

Competition Law, Regulation and SMEs in the Asia-Pacific Michael T Schaper, 2017-03-09 Small and medium-sized enterprises (SMEs) account for more than 90 per cent of all businesses in the Asia-Pacific region - an area which is rapidly updating its competition laws and regulations to encourage greater entrepreneurship and open, dynamic economies. Yet SMEs are almost invisible when those competition policies and laws are developed and enforced. SMEs are often quite different businesses than large, multinational corporations, but their nature, significance and characteristics are often overlooked. This book seeks to rectify the relative neglect in research and policy discussions on the role of the SME sector in competition policy and law. Drawing on contributions from a wide range of competition regulators, lawyers, academics, consultants and advisers to the SME sector, it addresses such important issues as: perceptions and views of small businesses about competition law; regulator engagement and education of the SME sector; the link between competition law and economic growth; franchising, SMEs and competition law; issues in enforcing competition law against SMEs; the role of Chinese family firms; trade, professional and industry associations; country case studies from Vietnam, Singapore, Indonesia, Malaysia, China, South Korea, Hong Kong SAR, Japan and the Pacific Islands.
