Savvy Ingrid Law, 2008-05-01 A vibrant new voice . . . a modern classic. For generations, the Beaumont family has harbored a magical secret. They each possess a "savvy"—a special supernatural power that strikes when they turn thirteen. Grandpa Bomba moves mountains, her older brothers create hurricanes and spark electricity . . . and now it's the eve of Mibs's big day. As if waiting weren't hard enough, the family gets scary news two days before Mibs's

birthday: Poppa has been in a terrible accident. Mibs develops the singular mission to get to the hospital and prove that her new power can save her dad. So she sneaks onto a salesman's bus . . . only to find the bus heading in the opposite direction. Suddenly Mibs finds herself on an unforgettable odyssey that will force her to make sense of growing up—and of other people, who might also have a few secrets hidden just beneath the skin.

Scumble Ingrid Law, 2010-08-17 Read the New York Times bestseller and companion to Newbery Honor winner Savvy! It's nine years after Savvy, and Mibs' cousin Ledge is on the verge of turning thirteen. More than anything, he wants the power to run like the wind. But when his birthday comes, he discovers that his savvy is actually making things fall apart. It starts out with small things, but then it gets worse. To top it all off, someone outside the family has witnessed his destruction. Now, in addition to trying to figure out how to control - or scumble - his savvy, he's got to worry about how to protect the family secrets. Over the course of one amazing summer, Ledge learns a lot about himself and his family, makes a new - and very unlikely - friend, and learns to appreciate his newfound skills. Readers will delight in the tall-tale tropes and Ledge's authentic physical, emotional, and artistic challenges. - Booklist, starred review The title stands alone in its fast-paced plot with twists and turns galore, and readers familiar with Savvy will eat it up and wish for more. - School Library Journal

Cyber Savvy Nancy Willard, 2012 The author integrates expertise in risk prevention, law, and education to provide a collaborative and positive process for teaching secondary students media literacy, safety, and "netiquette."

When Life Feels Like a House Fire Marcy

McKay, 2020-10-27 Marcy McKay offers something we all need right now - hope. If you've struggled with anxiety, disrupted sleep, foggy brain, loss of time, the inability to focus since COVID-19 upended the world - it's not your imagination. Your physical aches and pains are real, too. Maybe you've suffered low-grade to full-blown depression. Bad behaviors might have helped you cope, like overeating

or no appetite at all, overdrinking, hours of binge-watching TV or scrolling through social media. This doesn't include possible tensions with family, friends and strangers over masks, politics, protests and much more. There is a scientific reason and root cause behind your stress, anxieties and behaviors, but it's not what you think. The answers are connected to the past. Your past. Marcy McKay explains what's happening to you in everyday language, sharing what she learned after her family experienced a house fire in 2017. With free downloadable worksheets, exercises and assignments - connect the dots to the true source of your problems. Create an action plan for a brighter tomorrow, even during a global pandemic ... because life shouldn't feel like a house fire. "I read this book all in one sitting. Informative ... funny. I loved this, and think you will, too." - Melissa Hallmark Kerr, PhD, co-founder of Brain Savvy "Marcy has gracefully personalized and documented the importance in taking care of the mind-body connection, as well as how our life's experience plays into stress, trauma and anxiety." - Erin K. Bishop, MA, A Breath of Wellness When Life Feels Like a House Fire is current and useful as we navigate our new normal. A great resource and an easy read. - Terry Bentley Hill, attorney and founder, #StopMindingYourOwnBusiness

No knowledge of Objective-C, Swift and Java is required and you'll quickly be developing native, cross-platform apps, in JavaScript! What You Will Learn Transfer data between applications with URL schemes, and make your application accessible to other mobile applications and services Connect with remote services using JSON Work with Google Maps and Apple Maps, GPS and annotate routes Create animations and special effects Integrate notifications and connect with social media services such as Facebook and Twitter Build applications with Alloy MVC – a rapid application development framework Design native APIs and use local databases In Detail The mobile web has paved the way but many users want to have “native” applications installed. Using Appcelerator as a platform it's now possible to write iOS, Android, and Windows phone applications in JavaScript! It allows developers to develop fully native UI applications using Appcelerator studio tools without any knowledge of Objective-C, Swift or Java. This book will take you through the process of building cross-platform, native UI applications for the mobile from scratch. You will learn how to develop apps, how to use GPS, cameras and photos and how to build socially connected apps. You will also learn how to package them for submission to the App Store and Google Play. This cookbook takes a pragmatic approach to creating applications in JavaScript from putting together

basic UIs, to handling events and implementation of third party services such as Twitter, Facebook and Push notifications. The book shows you how to integrate datasources and server APIs, and how to use local databases. The topics covered will guide you to use Appcelerator Studio tools for all the mobile features such as Geolocation, Accelerometer, animation and more. You'll also learn about Alloy, the Appcelerator MVC framework for rapid app development, and how to transfer data between applications using URLSchemes, enabling other developers to access and launch specific parts of your app. Finally, you will learn how to register developer accounts and publish your very own applications on the App Store and Google Play. Style and approach This book offers a set of practical recipes with a step-by-step approach for building native applications for both the iOS and Android using JavaScript. This hands-on guide shows you exactly how to use the Appcelerator platform to rapidly develop cross-platform, native apps.

Career Building Through Creating Mobile Apps Erin Staley, 2013-12-15 As more people connect online through mobile devices, apps continue to grow in popularity. There are apps for almost every need: health, news, social networking, entertainment, and more, all designed to make the user's life run more smoothly. And app developers are growing in number by the day, turning their talent into a business. This volume gives readers all the tools they need to master the world and business of app development. It is a terrific read for current app developers or anyone interested in going into the field.

The Small Business Guide to Apps Dave Howell, 2011-12-05 If you thought that the app market was just about games and big brands, think again. Businesses of every size in every sector have built their own apps and are

reaping real commercial rewards. Because of the relatively low cost of entering the app market, smaller enterprises can level the playing field, often outstripping their larger competitors simply because they have developed and marketed an app that delivers a service that their consumers are looking for. This book isn't about how apps can help you run your business more efficiently, or an in-depth tutorial about how to create an app for your enterprise. Instead, it provides a unique introduction and overview of the possibilities for any small or growing business. It's a focused guide about the business of apps for those whose time is money. Connecting with customers over their mobile phones and tablets allows a more intimate and ultimately more lucrative link between businesses and consumers to be established. With this latest book in the popular Business Bites series, you can help your business take the first steps into an exciting and growing marketplace.

App Use and Patient Empowerment in Diabetes Self-Management Nicola Brew-Sam, 2020-02-03 Patient empowerment is examined as a multi-dimensional factor influencing the use of diabetes self-management apps. The research design includes three studies conducted in Singapore. Study 1 examines how features of diabetes self-management apps correspond with theoretical indicators of empowerment, as well as app quality. Study 2 uses semi-structured face-to-face interviews with diabetes patients to draw first conclusions about the relevance of empowerment for diabetes app use. Study 3 includes an online patient survey, and uses cluster analytical methods to test the preliminary Study 2 results (typology of app use), as well as binary logistic regression to compare the strength of influence of various antecedent factors on the likelihood of diabetes app use. The studies show that especially the

support by private social patient networks and the medical specialties of supervising physicians play a crucial role for technology-supported self-management.

The Imaginary App Paul D. Miller, Svitlana
Matviyenko, 2014-08-29 The mobile app as technique and
imaginary tool, offering a shortcut to instantaneous
connection and entertainment. Mobile apps promise to
deliver (h)appiness to our devices at the touch of a finger or
two. Apps offer gratifyingly immediate access to connection
and entertainment. The array of apps downloadable from
the app store may come from the cloud, but they attach
themselves firmly to our individual movement from location
to location on earth. In *The Imaginary App*, writers,
theorists, and artists—including Stephen Wolfram (in
conversation with Paul Miller) and Lev Manovich—explore
the cultural and technological shifts that have accompanied
the emergence of the mobile app. These contributors and
interviewees see apps variously as “a machine of
transcendence,” “a hulking wound in our nervous system,”
or “a promise of new possibilities.” They ask whether the
app is an object or a relation, and if it could be a
“metamedium” that supersedes all other artistic media.
They consider the control and power exercised by software
architecture; the app's prosthetic ability to enhance certain
human capacities, in reality or in imagination; the app
economy, and the divergent possibilities it offers of making
a living or making a fortune; and the app as medium and

remediator of reality. Also included (and documented in color) are selected projects by artists asked to design truly imaginary apps, “icons of the impossible.” These include a female sexual arousal graph using Doppler images; “The Ultimate App,” which accepts a payment and then closes, without providing information or functionality; and “iLuck,” which uses GPS technology and four-leaf-clover icons to mark places where luck might be found. Contributors Christian Ulrik Andersen, Thierry Bardini, Nandita Biswas Mellamphy, Benjamin H. Bratton, Drew S. Burk, Patricia Ticineto Clough, Robbie Cormier, Dock Currie, Dal Yong Jin, Nick Dyer-Witheford, Ryan and Hays Holladay, Atle Mikkola Kjösen, Eric Kluitenberg, Lev Manovich, Vincent Manzerolle, Svitlana Matviyenko, Dan Mellamphy, Paul D.
