Copyright: *Sony Music v UPC* [2018] - a Court of Appeal judgment on the duties of internet service providers to restrict the illegal downloading of copyright material by its customers. *Land Nordrhein-Westfalen v Renckhoff* [2018] - a recent decision of the CJEU on the nature of copyright protection attaching to photographs which are uploaded to the internet. Trade Marks: *Interflora Inc v Marks and Spencer plc* [2011] - a decision of the CJEU which analyses the rights of an advertiser to use the trade mark of a rival company when promoting its services on the Google Ads service. Employment: *Barbulescu v Romania* [2017] - a significant CJEU decision which sets out the restrictions to an employer's right to monitor the electronic communications of its employees. Privacy/ Harassment: *CG v Facebook* [2016], in which the Northern Ireland Court of Appeal considered the tort of harassment via social media, and the potential liability of Facebook for comments made by a user following notification of the alleged harassment. Maskrey, 2016-06-17 App Development Recipes for iOS and watchOS explores the technical side of app development with tips and tricks to avoid those little things that become big frustrations, outside of the realm of development, causing many people to throw up their hands and say “It’s just not worth the hassle!” The experiential nature of this work sets it apart from other iOS and watchOS books. After the introductory basics, each chapter delivers a problem statement and a solution. The experienced developer may, without losing anything, skip to whatever problem with which they are currently dealing. At the same time, we guide the less experienced developer through the process with focus on solving problems along the way.
