Scanwiches Jon Chonko, 2011-11-08 A fresh way of looking at the world's most versatile food, Scanwiches is a declaration of love for that ubiquitous meal between two slices of bread: The Sandwich. As simple as they are, sandwiches seem to inspire unusual devotion and bitter argument. Debates have lasted decades over the best way to prepare a club, what a true Philly cheesesteak really is, or who deserves credit for inventing the hamburger. But why shouldn't people be passionate about sandwiches? They're a food that's threaded its way into the lives and cuisine of virtually every nation and culture where bread enters the daily diet. From Europe to South America, India to Vietnam, the hamburger and BLT to the wada pav and banh mi, sandwiches are often representative of regional and national identity-the food of the everyman. They reflect the history of the modern age, the story of the working class, and the evolution of mass-produced eats. From the invention of sliced bread to the hamburger assembly lines of modern fast food, sandwiches have unceremoniously taken us into the 21st century in the shadows of more brilliant symbols. Scanwiches takes the sandwich and spreads it out for all to see. There's nothing quaint or humble about its presentation. From full-frontal, cross sections of monsters like the Dagwood and club, to minute, geometric tea sandwiches whose construction looks more like minimalist art than culinary creation, Scanwiches presents unabashed food porn that satiates even the most severe sandwich fetish. A supernova of swirling bread, cheese, meat, and lettuce, suspended in a black, vacuous space, and reproduced at actual size, each sandwich lays imposing, exposed, and tantalizing. Complimented by text revealing the origins and development of each sandwich throughout history, you'll learn to love and lust after these lowbrow delicacies in a whole new way.

Depender da Bondade de Estranhos - E outros textos "leves" sobre a "leveza" do Processo Penal Rui Filipe Serra Serrão Patrício, 2022-12-07 O processo penal já não é o que era. E não é o que parece. São diversos os textos - éditos, revistos e inéditos - que compõem o livro, mas são estas as duas ideias principais. O processo penal já não é o que aprendi nos livros (e ainda se ensina), não só porque as Leis vêm sendo alteradas, mas também porque tantas coisas mudaram na

dimensão prática e nas representações sociais. O mundo do processo penal, sobretudo nalguns processos, é hoje outro, e lamento e critico várias mudanças. Os textos do livro são, pois, muitas vezes desgostosos, mesmo que humorados. Textos de um bota de-elástico do processo penal e, também, de outras (não todas) áreas da vida que nele se projetam. Mas se já não é o que era, não é menos verdade que não é o que parece. Muito do que se diz, noticia e discute sobre o processo penal não é correto, é quase sempre superficial, amiúde é ligeiro e por vezes não é sério. Vários textos são contra as aparências, os lugares-comuns, o achismo, mas também contra a hipocrisia e as agendas. Muitos são textos do contra. Mas não todos, e também este livro nem sempre é o que parece. E por detrás de um pessimista da razão pode ainda espreitar um otimista da vontade.
