King, Warrior, Magician, Lover Robert Moore,Doug Gillette,2013-10-01 The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

The Dictionary of Classical Hebrew David J. A. Clines,1998 The Dictionary of Classical Hebrew is a completely new and innovative dictionary. Unlike previous dictionaries, which have been dictionaries of biblical Hebrew, it is the first dictionary of the classical Hebrew language to cover not only the biblical texts but also Ben Sira, the Dead Sea Scrolls and the Hebrew inscriptions.This Dictionary covers the period from the earliest times to 200 CE. It lists and analyses every occurrence of each Hebrew word that occurs in texts of that period, with an English translation of every Hebrew word and phrase cited. Among its special features are: a list of the non-biblical texts cited (especially the Dead Sea Scrolls), a word frequency index for each letter of the alphabet, a substantial bibliography (from Volume 2 onward) and an English-Hebrew index in each volume. -- Publisher description.

How to Day Trade Ross Cameron,2015-10-29 Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders.

Awakening the Heroes Within Carol S. Pearson,2012-07-31 The heroic quest is about saying 'yes' to yourself and in so doing, becoming more fully alive and more effective in the world. . . . The quest is replete with dangers and pitfalls, but it offers great rewards: the capacity to be successful in the world, knowledge of the mysteries of the human soul, and the opportunity to find and express your unique gifts in the world. In this bold and original work, Carol S. Pearson shows that the heroic quest isn't just for certain people under special circumstances. Exploring the many heroic paths available to each of us, at every point in our lives, her innovative program enables us to live heroically by activating and applying twelve archetypes in our lives. This companion to the bestselling *The Hero Within* outlines twelve archetypal patterns that can aid inner development and the quest for wholeness. These archetypes are inner guides that can help us prepare for the journey, by learning how to become successful members of society; embark upon the quest, by becoming initiated into the mysteries of the human soul; and return to transform our lives as a result of claiming our uniqueness and personal power. Writing for individuals seeking to realize their full potential and professionals engaged in empowering others, Pearson shows how journeys differ by the age, gender, and cultural background of the seeker, and how archetypes help awaken the capacities of our psyches. A unique diagnostic test, the Heroic Myth Index, and exercise are included to help us understand and awaken our inner guides.
