A Grammar of Central Alaskan Yupik (CAY) Osahito Miyaoka, 2012-12-06 The volume is a major grammar of Central Alaskan Yupik (CAY). It is the

culmination of the author's linguistic studies done in Alaska and elsewhere since around 1960, with assistance of many native speakers. Central Alaskan Yupik is currently the most vigorous of the nineteen remaining Native Alaskan languages. Descriptive in nature, extensive and deep, this grammar is of typological and of ethnological/anthropological interest. Given the severely endangered state of the language, this much of descriptive linguistic material is without comparison in the field.

Agricultural Growth for the Poor ,2005-01-01 New forces are at work in the agricultural sector: the growth of markets and private entrepreneurship, the changing global demand for food and other agricultural products, the rise of multinationals, and the expansion of integrated food chains. To realize the potential benefits, the public sector has a crucial role to play through policy initiatives to support agriculture, reduce poverty, and ensure broad rural development alignment with these forces. Building on the

foundation of the Agriculture Investment Sourcebook (World Bank 2005), *Agricultural Growth for the Poor: An Agenda for Development* explores ways in which the public sector can work with the private sector to facilitate growth and ensure equitable benefit distribution. It describes the key policy and institutional issues involved in promoting private sector investment in agriculture and accelerating growth to benefit the poor. It identifies priorities for public investment in specific agricultural settings at different stages of economic growth and offers practical approaches for enhancing the impact of such investment. Finally, it summarizes lessons learned about successful support of agricultural development and discusses areas in which additional progress is required. Policymakers and international development organizations will find *Agricultural Growth for the Poor* an invaluable resource for analyzing the prospects for agriculture in the changing global environment and developing an agenda for pro-poor development.--BOOK JACKET.
