Green and Social Economy Finance Karen Wendt, 2021-07-21 Green and Social Economy

Finance is a compilation of chapters by experts, linking research and practice. This anthology provides a new thinking on social economy green finance, showing emerging themes and trends. It spans from stock markets, green finance, innovations, digitalization to social finance, governance and theories of change. It concentrates on impact, opportunity recognition and development of financial products designed to finance the green and social economy. Without the attraction of capital, social entrepreneurship, and innovations, green finance can face difficulty in addressing business solutions. Green and social economy is a nascent field. The authors address the conceptualization of green and social solutions and identify new trends in the finance industry products and approaches. The book demonstrates that aligning finance and investment with the Paris Agreement, sustainable development goals and needs and interests of society are feasible.

A Theory of Adaptation Linda Hutcheon, 2012-08-21 A Theory of Adaptation explores the continuous development of creative adaptation, and argues that the practice of adapting is central to the story-telling imagination. Linda Hutcheon develops a theory of adaptation through a range of media, from film and opera, to video games, pop music and theme parks, analysing the breadth, scope and creative possibilities within each. This new edition is supplemented by a new preface from the author, discussing both new adaptive forms/platforms and recent critical developments in the study of adaptation. It also features an illuminating new epilogue from Siobhan O'Flynn, focusing on adaptation in the context of digital media. She considers the impact of transmedia practices and properties on the form and practice of adaptation, as well as studying the extension of game narrative across media

platforms, fan-based adaptation (from Twitter and Facebook to home movies), and the adaptation of books to digital formats. A Theory of Adaptation is the ideal guide to this ever evolving field of study and is essential reading for anyone interested in adaptation in the context of literary and media studies.

Flawed Kitty Cox,2016-06-07 They broke her. Ruined. Completely destroyed. Destiny was supposed to be perfect. As a teen, she'd given up boys for a love of pixilated wonders and fantastical ideas. She wasn't just a gamer, she was going to be a game maker. All she wanted was to give the world a little piece of her dream. Then they found her.Now, she can't do it. Can't do anything, really. Being close to another person is torture. The thought of being touched steals the breath from her lungs. Working on games? If they ever found out, they'd kill her - or so they said. She's not ok. Her memories live too close, flashbacks come too easily, and surviving each day is getting harder and harder.Nothing can take back what happened to her.He doesn't care.Chance thought he'd hit the jackpot. Finding the famous Destiny Pierce working at a hardware store? She was desperate enough to take his job offer, but the woman who'd inspired him to create this fledgling game company is not

the same one standing before him now. This one is shattered. It shouldn't matter. He's not the man to fix her. Hell, he's got enough of his own problems. All he needs is for her to get his game up and running, and she's willing to help. But those sad eyes make him want to put a smile on her kissable lips, because that's as close as he can get. She can't touch people. He can't stop. For people like them, perfection is out of reach. The goal is just to keep going. For now, it's making a game, but Chance isn't ready to let her quit. If he can teach her how to live again, maybe she can get past those memories and find something worth caring about. Hopefully, that something will be him. He may not be perfect, but he's flawed in just the right way. TRIGGER WARNING: Contains off-screen rape and assault, domestic violence, addiction, suicidal tendencies, phobias, bullying, cyber harassment, violence, and more. The Gamer Girls series is based on what could have happened during GamerGate. Each novel features strong women, the men who love them, and the games that let them escape reality. Contains graphic language and situations that are suitable for a mature audience. This book is a standalone novel which moves forward a larger story.

Mountain Conjure and Southern Root Work Orion Foxwood, 2021-01-01 Traditional Southern root magic and conjure from someone who learned the old ways growing up in rural Appalachia. Folk magic conjurer and root worker Orion Foxwood invites you to take a walk through his native Appalachia, through moonlit orchards and rural farms, to the dark of the crossroads. From the oral tradition of his ancestors to the voices of the spirits themselves, Foxwood brings readers the secrets of Southern magic: • Working by the signs (the ability to synchronize work such as farming, fertility, and orcharding) • Faith healing • Settling the light (candle magic) • Doctoring the root (the ability to use herbs, roots, stones, or animal parts for magic or for clearing, cleansing, and blessing a person) • Praying or dreaming true (blessings of spirit/God to a person, place, or thing as well as prophetic or predictive dreaming) • Blessing or cursing *Mountain Conjure and Southern Root Work* shows how to create magic in today's world with the old ways and traditions of Appalachia. This book was previously published as *The Candle and the Crossroads*. This new edition includes a foreword by Mat Aurnyn, author of *Psychic Witch*.

Wolf's Pack Auryn Hadley,2020-10-23 Corner a wolf and she will always fight back. I finally did it. I took that last step and it was everything I wanted. My relationship with my five mates has never been better. They've embraced not only me as a part of their lives, but also my daughter, and this feels like the family I always dreamed of. I don't mean just myself and my mates, but the entire pack. They call me Alpha. No, I'm not the Alpha, but I'm learning how to step up. I got this. I'd better, since Wolf's Run has thrown open our doors to more than just wolves, but it seems like my version of winging it is working for all of us. But not all shifters have packs. That doesn't mean they don't want them. These new neighbors might not be wolves, but everyone wants a community they can count on. The trick will be making sure ours doesn't fall apart in the chaos. Or get taken from us. Between the antics of these teenagers, the insanity of so many changes happening at once, and the enemies my mates and I have already made, things are out of control. I feel like I'm chasing my tail. Thankfully, I've learned a few new tricks. Once, I was just the nice lady next door. Now, this is my pack, and I've become a real

bitch. Note: Wolves Next Door series contains profanity, consensual sex, and one adult woman who falls for multiple younger men. This is the last book in a trilogy.

When We Were Kings A. H. Hadley,2015-09-23

One More Day Auryn Hadley,2015-08-31 The test results are back, and they say it's cervical cancer. As if that isn't bad enough, getting laid off from her job means Mackenzie can't afford to pay her bills, including the medical ones! She's convinced it's the worst day of her life. Not even meeting that Super Hot Guy from the coffee shop can make it better. Or can it? Ryan has been trying to get the nerve to talk to her for months. Her art is amazing. It's exactly the type of thing he'd like to ink onto his skin forever. For the first time, the beautiful artist wasn't lost in her work. Nope, she was lost in something else. Something that brought tears to those gorgeous eyes. It's the excuse he needs to finally get up the nerve and talk to her. She needs a shoulder, and he's more than willing to give it - plus a job that lets her use her art. Mackenzie never expected to be working in a tattoo parlor, but it

will pay the bills, and being around Ryan is pretty nice. Maybe too nice. His shy smiles make her stomach flip, or that could be the chemo. It all comes back to the cancer, so why should she even try? The Super Hot Guy is her boss, and maybe this is as good as her life is going to get... because the cancer's getting worse. Mackenzie may want to protect him, but Ryan isn't going to lose the girl. Not because he's her boss, not because he's too scared to make a move, and he's certainly not going to let some disease screw this up. She thinks the cancer is going to win, but he has other plans. He just needs one more day to prove it, but she may not give him that option. **This book contains some mature situations and is recommended for readers 18+**
