Endurance Rick Broadbent, 2016-04-21 Shortlisted for the William Hill Sports Book of the Year A runner must run with dreams in his heart. Emil Zatopek. In the summer of 1952 Emil Zatopek became the king of the running world with an unprecedented distance treble at the Olympic Games in Helsinki. Together with his wife Dana, who won another gold medal in the javelin, they were the embodiment of sporting romance. Born on the same day, they were champions on the same day too. Yet in 1968 this affable but eccentric Czech solidier was betrayed by his Communist paymasters and cast out into wilderness. Hidden from world view, monitored by the secret police and forced to live in a caravan in mining country, he became the invisible hero. 'Endurance' is the first biography to document the remarkable rise, fall and rehabilitation of a man voted the 'greatest runner of all time' by 'Runner's World' in 2013. It is also the story of a golden age of sport played out against a backdrop of Cold War politics and paranoia. From the London Olympics of 1948 to Czech concentration camps, this is an uplifting and harrowing story of survival. As Emil rises to global fame, his old coach is locked up and tortured by StB henchmen. Their diverging paths expose the fickleness of popularity and eventually cross again when Zatopek's world is torn asunder. All both men can do is endure. The running world of this era is brought to life by dramatic accounts of Zatopek's great triumphs, manifold records and a rich collection of characters vying to dethrone him. In Britain the sharp-tongued Gordon Pirie falls foul of the media as he becomes obsessed with Zatopek and adopts increasingly-masochistic methods; mild-mannered marathon champion Jim Peters begins a quest that would make "women weep and grown men lose their lunch". In France Alain Mimoun crawls from the bloody carnage of his war-time exploits to overcome racial snubs and become known as Zatopek's Shadow; and in the Soviet Union, the tragic figure of Vladimir Kuts is moulded into a brutal running machine at huge cost. Only Zatopek manages to bridge this East-West divide as a savage power struggle is fought in both the Olympic arena and in the corridors of power. Due to extensive access to those involved, including Dana herself, award-winning Times author Rick

Broadbent has written a vivid history involving blood and guns and a love that sustained the cruellest twists of fate. From heady nights at White City to the brave resistance during the Prague Spring, this is a book that plants the son of a carpenter at the very centre of a revolution. Whether talking to his rivals on the track or Red Army troops as tanks roll into Prague, Zatopek's humanity shines through and carries all. With traces of 'Chariots of Fire' and Laura Hillenbrand's 'Unbroken', Endurance is both a wonderful love story and a landmark tale of hope and strength in the face of crushing opposition. It's at the borders of pain and suffering that the men are separated from the boys. Emil Zatopek

The Art Forger's Handbook Eric Hebborn,1997 The English artist Eric Hebborn (1934-1996) explains the secrets of his forging techniques in this illustrated work compiled shortly before his death. Drawings previously attributed to artists such as Picasso and Corot were in fact the work of Hebborn and this work provides an insight through explanations of his work. Inks, papers, pigments, monograms and signatures are all explained as well as Hebborn's own often outrageous speculations about the nature of art and value.

I Am Aspiengirl Tania Marshall,2014-06-30 Have you ever wondered why she says she feels different to her peers? Wondered why life seems challenging for her? Her peers seem to gracefully and naturally meet their milestones, yet she has reached some developmental milestones early and some late. She may have spoken and read early, asking an endless array of questions. Maybe at age four she was teaching herself to read as you drove down the road by reading street signs. She may have been an overly active child, had sensory issues, or had a speech delay. You knew she was bright from early on, with a sprinkle of some anxiety, social and eating issues, yet the professionals just cannot find an explanation that completely fits her. She may be very artistic, whether she sings, draws, paints, or writes, at times, too mature for her age. Yet, she struggles socially and emotionally, acting and appearing younger than her peers. She may be ten years old now, yet none of your research completely fits her or maybe you have just now come across some information on females that completely makes sense to you. Maybe she is Aspien, a young female with Asperger Syndrome or High-Functioning Autism. She has a unique constellation of super-abilities, strengths and challenges. She may feel or say that she is from another Planet, Planet Aspien(r). If you are looking for a book on the often perplexing and unique female Autism Spectrum traits, then this is the book for you. Watch for I am AspienWoman, coming soon.
