Extreme Ownership Jocko Willink,Leif Babin,2017-11-21 An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin’s SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed “all but lost.” In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three’s Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, *Extreme Ownership* shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, *Extreme Ownership* revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.

A Grammar of Karbi Linda Konnerth,2020-06-08 This is a comprehensive grammar of the Hills Karbi variety spoken predominantly in the Karbi Anglong districts. Karbi belongs to the Trans-Himalayan (Tibeto-Burman) family but its exact phylogenetic status has remained unclear. By providing a diachronically-oriented functional analysis of all structural levels of Karbi, this grammar offers a reference work that provides a thorough account of this language. The data in this grammar come from fieldwork that was primarily carried out in the district capital of Diphu although the corpus includes recordings of speakers from all over the two Karbi Anglong districts. This corpus is freely available both as fully glossed text in *Himalayan Linguistics* (Konnerth and Tisso 2018) and as original media files in ELAR (SOAS University of London). Now also including a glossary, this grammar is a thoroughly revised version of the 2014 dissertation of the author, which won the 2015 Pāṇini Award of the Association for Linguistic Typology (ALT). In this revised version, a few new sections have been added and numerous other sections have been thoroughly updated.

Perennial Psychology of the Bhagavad Gita Swami Rama,1985 The Bhagavad Gita is one of the most influential spiritual texts of ancient India. In *Perennial Psychology of the Bhagavad Gita*, Swami Rama makes this classic scripture accessible to all students by vividly drawing out the psychological concepts found within. The teachings in this book are based on the understanding that the outside world can be mastered only when one's inner potentials are systematically explored and realized. With the guidance and commentary of Himalayan Master Swami Rama, you can explore the wisdom of the Bhagavad Gita, which allows one to be vibrant and creative in the external world while maintaining a state of inner tranquility. The Forgotten Slaves of Tromelin - Volume 1 Sylvain SAVOIA,2016-09-16T00:00:00+02:00 This story takes place on a tiny, far-flung island in the middle of the Indian Ocean, whose nearest neighbor is Madagascar, 500 kilometers away... In 1760, the *Utile*, a ship carrying black slaves from Africa, was shipwrecked here and abandoned by her crew. The surviving slaves had to struggle to stay alive in this desolate land for fifteen years... When this tale got back to France, it became the cornerstone of the battle of Enlightenment to outlaw slavery. More than two hundred years later, the artist Sylvain Savoia accompanied the first archeological mission in search of understanding how these men and women, who had come from the high mountains of Madagascar, had survived alone in the middle of the ocean. This is the story of that

mission, through which we're exposed to the extraordinary story of the slaves themselves.
