History in Games Martin Lorber,Felix Zimmermann,2020-10-31 Where do we end up when we enter the time machine that is the digital game? One axiomatic truth of historical research is that the past is the time-space that eludes human intervention. Every account made of the past is therefore only an approximation. But how is it that strolling through ancient Alexandria can feel so real in the virtual world? Claims of authenticity are prominent in discussions surrounding the digital games of our time. What is historical authenticity and does it even matter? When does authenticity or the lack thereof become political? By answering these questions, the book illuminates the ubiquitous category of authenticity from the perspective of historical game studies.

The Storyboards of Fundamentally Cynical Season One Preston Hazard,2019-10-31 Every episode of Fundamentally Cynical has a storyboard, and those storyboards are crucial to the development of the series. In order to preserve those articles, the Pow Animation Studio photocopies and catalogs every single panel. The resulting product is in essence, a book. This is the official archived Fundamentally Cynical Season one Storyboard collection. *Please note, that this is just a rough catalog and not a finished book.

Andrzej Wajda Janina Falkowska,2006-12-01 The work of Andrzej Wajda, one of the world’s most important filmmakers, shows remarkable cohesion in spite of the wide ranging scope of his films, as this study of his complete output of feature films shows. Not only do his films address crucial historical, social and political issues; the complexity of his work is reinforced by the incorporation of the elements of major film and art movements. It is the reworking of these different elements by Wajda, as the author shows, which give his films their unique visual and aural qualities.

Catalogue of Photography Cleveland Museum of Art,Tom E. Hinson,1996 This volume is both a catalogue of the museum's photographic holdings and a celebration of its recent exhibition Legacy of Light: Master Photographs from the Cleveland Museum of Art. The catalogue and exhibition provided the opportunity to reflect on what the museum has accomplished since making a curatorial and financial commitment to collect photography thirteen years ago. Determined by availability and, at times, good fortune, the photographs assembled illuminate the particular era in which they were made and simultaneously yield insights into the universal human condition. Ultimately, they can simply be enjoyed as expressions of individual creativity at its highest level. In this elegantly produced volume, the full scope of the collection is represented faithfully and with bibliographic accuracy. Twenty-eight artists are accorded full-page reproductions of signature works, accompanied by the artist's profile and discussion of the work. Among the many master photographers represented here are Ansel Adams, Diane Arbus, Eugene Atget, Edouard Baldus, Margaret Bourke-White, Mathew Brady, Julia Margaret Cameron, Imogen Cunningham, Walker Evans, Robert Frank, Lee Friedlander, Francis Frith, Lewis Hine, Andr   Kert  sz, Dorothea Lange, Richard Long, Duane Michals, Irving Penn, Aaron Siskind, Edward Steichen, Alfred Stieglitz, Paul Strand, William Henry Fox Talbot, Jerry Uelsmann, Edward Weston, and Minor White.
